Sri Lanka is to import over 250,000 tons of rice to maintain a buffer stock sufficient for one and half months owing to a possible shortage of rice during the first quarter of next year, due to drought. The Government has taken a decision to import rice through the private sector and provide bonded warehouse facilities for them as the country's rice production is expected to drop during the drought period. While the private sector will be allowed to freely import rice, there won't be any imports by the government unlike during the previous regime, he pointed out.
