

Domestic Market Highlights:

Wholesale Prices for India as an average for 03rd week of April traded down by 6.16% from last week. Agriwatch expects rice market to move in firm tone as demand is continuously strong from African countries in the market.

As per market sources as on 25-April, total paddy arrival in Narela mandi is 4000 bags with 1121 rate of Rs.3500/quintal, 1509 paddy traded @ Rs.3100-3225/quintal, Sugandha paddy @ Rs.3000-3125/quintal and Sarbati @ Rs. 2250-2330 / quintal.

NFA Council has put off making a decision to import the rice.

India's major rice importer, Government Trading Corporation of Iran (GTC) recently issued a tender for rice import of 65000 tons from India and Thailand. Iran import around 80-90% of country total rice import from India, but from last year, Iran banned rice imports due to huge stocks, which is ended now. As per USDA, Iran's milled rice ending stock for MY-2016-17 is likely to down by 53% to 321,000 tons from last year stock of 691,000 tons. Agriwatch expects that Iran will buy rice from India in coming months and thus aromatic rice price is likely to move up continuously in near to mid term.

Assam is expected to produce around 75 lakh tons of rice in coming MY-2017-18 which is higher by 23 lakh tons from last year production of 52 LMT. Rice scientists to find out a technology so that, farmers could get maximum productivity using minimum water. Last year there was an attack of caterpillar and thus huge crop loss reported.

CACP had recommended an Rs 80 a quintal (6%) hike in the MSP of both the common grade and A-grade paddy, to Rs 1,550 and Rs 1,590 a quintal respectively, from last year price of Rs.1470/qlt for common grade and Rs.1510/qlt for Grade -A.

Indian FOB for 1121 steam in the month of March moved firm from last month and currently is in the range of USD 1143-1145/MT which is up by 4.6% from last month price of USD 1092/T. Average basmati rice price too firmed this month with higher demand and lower stocks. According to the UN's Food and Agriculture Organization (FAO), Currently Pakistani basmati FOB is also moving firmer from last six months due to lower production estimates and now it's hovering in the range of USD 1078-1080/MT which is also up by 4.78% from last month FOB of USD 1029/MT.

Price Outlook:-Average Rice price in all India is likely to trade steady to firm tone due to fresh demand with lower arrival.

International Market Highlight:

Indonesia will export 15 to 50 thousand tons of rice to Malaysia in an effort to meet the country's demand. In addition to exporting rice to Malaysia, Indonesia had exported rice to Papua New Guinea, which was shipped from Papua Province. According to government, rice stock now reaches 1.9 million tons and is sufficient to meet the public's need during the fasting month of Ramadan.

Vietnam exported an estimated 1.28 million tons of rice in the first three months of the year, which is 18 percent lower compared to same period last year. China remains Vietnam's largest rice importer,

with a market share of 36 percent, followed by the Philippines with nearly 25 percent market share. The export drops were strongest in Ghana, Hong Kong and Malaysia.

As per USDA latest report, china rice imports for MY-2016-17 is unchanged at 5 million tons. Vietnam and Thailand remain leading exporters of rice to China due to their competitive prices and freight advantage. Rice imports will continue to be profitable if South East Asian countries offer the prices below China's floor price of renminbi 2,660 per ton (\$389). The average CIF rice price from South East Asia to China is renminbi 2,432 per ton (\$350).

In a recent tender, Iran purchased about 40,000 tons of rice from Thailand which indicates that sanctions have been lifted. According to Thailand authorities, in late January that they had secured a deal to sell rice to Iran for the first time in 10 years, with delivery of 50,000 to 100,000 tons of white rice due over the next one to two months. About 300,000 tons in shipments would be made in total. The Iranian state grains buyer GTC bought Hom Mali grade A rice from Thailand at about €600 (US\$645) a ton. The rice was for shipment between April 15 and May 15 to Bandar Imam Khomeini or Bandar Abbas ports.

Thailand Unofficial preliminary rice exports (excluding premium white and fragrant rice) for February 27 – March 5, 2017, totaled 39,166 metric tons, down 99,799 metric tons from the previous week, and down 92,910 metric tons from the four-week moving average of 132,076 metric tons. Rice exports from January 1 – March 5, 2017, totaled 1,280,409 metric tons. Export prices declined 1-2 percent following the sale of 1.3 million metric tons of government food-quality rice stocks. The government is likely to retender the remaining food-quality rice stocks and issue a new tender for feed-quality rice stocks by the end of March 2017.
