International Market Highlight:

Eleven rice exporters of Thailand planned to buy all 160,000 tonnes of edible rice in the country's national reserves, which was put for the third rice auction this year. The Thai Government is also planning to hold the fourth auction of inedible rice in 2017, with an estimated volume of 2.6 million tonnes. If the auction is held early and the government decides to sell the entire amount, Thailand could fulfil its goal of selling all rice in stock right in July. Bangladesh and Sri Lanka had held talks to purchase about 400,000 tonnes of rice from Thailand to replenish their falling stocks which were caused by severe droughts and floods.

Due to recent flood and drought in Bangladesh and Sri-lanka respectively, these countries are negotiating an urgent purchase of about 400,000 tons of rice from Thailand to replenish their falling stocks. If the deals are sealed, all rice will be transferred within 60 days and the deal will be secured through government-to-government (G-2-G) contracts. Each country aims to import 200,000 tons of rice – mostly parboiled grade and common grade white rice. The benchmark common grade 5% white rice was quoted at USD 410/T, while parboiled 100 % grade white rice was fetched at USD 439/T. Bangladesh and Sri Lanka normally supplemented their stocks with rice from neighboring Pakistan and India when needed. In 2016, they imported 280 tons and 151 tons of Thai rice, respectively.

Sri Lanka has offered to purchase 500,000 tonnes of high-quality rice from Myanmar through a government-to-government contract. The offer to buy 200,000 tonnes of parboiled rice and 300,000 tonnes of white rice was made last week. Parboiled rice, or converted rice, is rice that has been partially boiled in the husk. Each year, Myanmar exports between 1.5 million and 2 million tonnes of rice, according to the Myanmar Rice Federation (MRF).

Unofficial and preliminary Thailand rice exports (excluding premium white and fragrant rice) for June 26 – July 2, 2017, totaled 186,618 metric tons, up 10,573 metric tons from the previous week, and up 12,963 metric tons from the four-week moving average of 173,655 metric tons. Rice exports from January 1 – July 2, 2017, totaled 4,387,239 metric tons.

According to the Vietnamese Food Association (VFA), Vietnam MY 2016/2017 (January-May 2016) exports reached about 2.3 million tons of milled rice, with the CIF value at \$1.1 billion. In the first 5 months of MY 2016/2017, China imported about 1.1 million tons, compared to 786,000 tons of milled rice during the same period of MY 2015/2016. The Philippines' imports also increased from 193,000 tons in the first 5 months of MY 2015/2016 to 343,000 tons in the same period of MY 2016/2017. The export volumes of rice to these two countries comprise more than 50 percent of Vietnam's total rice export for the first 5 months of MY 2016/2017.

Limited supply of rice supported by international demand, push the Vietnam rice price in northern direction recently. Vietnam 5% broken rice currently moving in the range of USD 390/T which is up by USD 20/T from last week, this is the highest price since December 2014. The global rice market has been heating up after top importing countries, such as Bangladesh and the Philippines, announced to import roughly 950,000 tons of rice recently. Other regional countries such as Malaysia and Indonesia have also planned to import rice, while the demand for rice from China and Africa is also on the upward trend.
