

Domestic Market Highlights:

Indian FOB for 1121 steam in the month of September moved firm from last month and currently is in the range of USD 1070-1072/MT which is up by 7.20% from last month price of USD 998.59/T. Average basmati rice price too firmed this month with active demand from international markets, however sentiments for basmati rice price may change in coming months due to fresh arrival of crop. According to the UN's Food and Agriculture Organization (FAO), Currently Pakistani basmati FOB is moving weak and now it's hovering in the range of USD 1100/MT which is down by 2.22% from last month FOB of USD 1125/MT.

All-India progressive procurement of Rice as on 29.09.2017 for 2016-17 was 381.05 lakh tonnes against the procurement of 341.68 lakh tonnes in the corresponding period of last year. The procurement of wheat for the rabi marketing season (RMS) 2017-18 was 308.25 lakh tonnes against the procurement of 229.62 lakh tonnes in the corresponding period of RMS 2016-17.

Agriwatch has updated the rice exports in the month of October based on data released by APEDA. Total rice exports for MY-2016-17 till July-17 were 88.42 lakh tons, around 2.90% higher than last year's export of 85.92 lakh tons for the corresponding period (Oct-July). Non- basmati rice exports in MY 2016-17 which started from October 2016 to July-2017 was 54.42 lakh tons and basmati exports in these months were 34.86 lakh tons.

Average weekly wholesale rice prices in India stood at around Rs.2821.41 per quintal in 04th week of September- 2017, weak about 3.81% from around Rs.2934 per quintal in last week, and up about 1.80% from around Rs.2772/ quintal a year ago. Due to fresh arrival from major producing states, price is come down in this week and likely to stay steady in coming week.

The total paddy sown area as on 29th September-2017 was 279.08 lakh hectares which is down by 0.85% from last year area of 382.37 lakh hectares and up about 0.67% from normal area as on date of area of 374.54 lakh hectares.

As per first advance estimate for Kharif rice output for MY-2017-18, India's rice output is likely to fall by 1.9 million tons (MT) to 94.48 MT in kharif season this year on account of poor rain as well as floods. Rice output is estimated to fall at 94.48 MT in the kharif season of the 2017-18 crop years (July-June) from the record 96.39 MT in last kharif. Assam, Bihar, Gujarat and Rajasthan witnessed floods, while parts of Karnataka, Chhattisgarh and Tamil Nadu faced dry spell.

India's rice stocks in the central pool as on September- 1, 2017 stood at around 20.39 million tons up by about 3.34% from around 19.73million tons recorded during the corresponding period last year, according to data from the Food Corporation of India (FCI). India's rice stocks in the central pool are down about 13.96% from around 23.70 million tons recorded on August-01, 2017. The current rice stocks are about ten million tons more than the required strategic reserve norms of around 10.25 million tons for this time of the year, according to the FCI.

The Government recently said it has not changed the policy on rice exports, following a “fake” notification which showed that non-basmati rice exports have been “prohibited” from September 15 till November 30 this year. This (fake notification) is of serious concern. Strict action should be taken against it. This (fake notification) shook the whole rice community.

Price Outlook:-Average Rice price in all India is likely to trade steady in coming weeks due to fresh arrival from major producing states which may pressurize paddy/rice market to some extent.

International Market Highlight:

Unofficial and preliminary Thailand rice exports (excluding premium white and fragrant rice) for September 4-10, 2017, totaled 185,583 metric tons, down 2,220 metric tons from the previous week and down 9,750 metric tons from the four-week moving average of 195,333 metric tons. Rice exports from January 1 – September 10, 2017, totaled 6,017,791 metric tons.

The Bangladesh government will procure 50,000 tons of non-basmati and parboiled rice from Thailand through an international tender. The proposal signed by Food Secretary Md Kaikobad Hossain fixes the cost per metric ton of the staple at \$438, while the total cost of the import stands at \$21.9m (Tk181 crore). According to a recent report of the Food Ministry, the government has previously failed to import 300,000 tons of rice from Thailand and India due to price differences between the two countries and the international market. Last month, the government signed two deals with Vietnam and Cambodia to import 2.5 million tons of rice from each of the countries.

Thailand Export prices increased 2-3 percent from the previous week due to new inquiries for white and parboiled rice from several African and Middle Eastern countries. Exporters are also actively fulfilling pending shipments to African countries using mostly old-crop white rice sourced from government stocks. The new tender for the remaining 0.6 million metric tons of government stocks has not yet been finalized due to the government's ongoing investigation on non-food quality rice being resold in the food chain.

According to the Department of Cultivation under the Ministry of Agriculture and Rural Development (MARD), Vietnam is likely to produce 44.1 million tons of rice in 2017. Unfavorable weather conditions shrank winter-spring rice yield by 300,000 tonnes. However, southern localities are estimated to enjoy a surge in rice production of 400,000 tonnes. They have already harvested 1.08 million hectares of rice, or 56.2 percent.

Pakistan rice exports from the country during the month of July, 2017 grew by 34.74 percent as about 200,995 metric tons of rice worth US\$ 107.896 million was exported as compared the exports of 164,092 metric tons valuing US\$ 83.974 million of same month last year. During the period under review, exports of basmati rice increased by 28.49 percent and reached at 30,951 metric tons worth of US\$ 32.990 million. The exports of basmati rice during July, 2016 were recorded at 28,725 metric tons valuing US\$ 27.731 million, according the data of Pakistan Bureau of Statistics. Meanwhile, the country earned US\$ 74.906 million by exporting about 170,044 metric tons of rice other than basmati rice, which was recorded at 135,367 metric tons valuing US\$ 56.24 million of same period last year.

Bangladesh will import 250,000 tonnes of white rice at \$453.00 a tonne from Cambodia in a government-to-government deal. The country produces around 34 million tonnes of rice annually but uses almost all its production to feed its population, and often requires imports to cope with shortages caused by floods or droughts. It has so far imported 200,000 tonnes of white rice at \$430 a tonne and 50,000 tonnes of parboiled rice at \$470 a tonne from Vietnam in a state-to-state deal at rates much higher than in tenders.

USDA increased its global rice ending stocks estimates by 0.398 MMT TO 122.918 MMT for 2017/18 compared to last month due to fall in domestic consumption estimates by 0.263 MMT for 2017/18 compared to last month estimates.
