

Domestic Market Highlights:

Average weekly wholesale rice prices in India stood at around Rs.2930 per quintal in 04th week of October- 2017, weak about 2.42% from around Rs.3005 per quintal in last week, and up about 2.84 % from around Rs.2850/ quintal a year ago. Due to fresh arrival from major producing states, price has dropped in this week and is likely to stay steady to weak in coming week.

The government's rice procurement rose marginally to 69.89 lakh tons (LT) so far in the 2017–18 marketing year that started this month, compared to 69.31 LT in the year-ago. Food Corporation of India (FCI), the nodal agency for procurement and distribution, had procured 381 LT in the 2016–17 marketing season (October–September). For the current year, the government has fixed a higher rice procurement target at 375 LT on hopes of good production. The arrival of paddy is picking up in mandis. Till last week, about 111 LT of paddy had arrived in Haryana, Punjab and Uttar Pradesh. FCI and state agencies, which normally buy in rice format, have procured 41.33 LT of the grain in Punjab and 28.56 LT in Haryana so far. The procurement in Uttar Pradesh and Uttarakhand has just begun and will pick up pace in the coming days, and over 22,000 tons have been procured from Uttar Pradesh so far.

The total paddy sowing in all India is almost over and as per latest data available area is 380.96 lakh hectares which is down by 1.02% from last year area of 384.92 lakh hectares and up about 0.76% from normal area as on date of area of 378.08 lakh hectares. Main drop in sown area is reported from paddy growing states like Andhra Pradesh, Assam, Haryana, Karnataka, Maharashtra and Madhya Pradesh.

The Bangladesh government has decided to import 100,000 tons of parboiled rice from India in January to meet the growing domestic demand created by crop losses in recent floods. The rice will be supplied by Project and Equipment Corporation of India Ltd, under the Indian Commerce Ministry. This demand could influence rice price to a certain extent.

Indian FOB for 1121 steam in the month of September moved firm from last month and currently is in the range of USD 1070-1072/MT which is up by 7.20% from last month price of USD 998.59/T. Average basmati rice price too firmed this month with active demand from international markets, however sentiments for basmati rice price may change in coming months due to fresh arrival of crop. According to the UN's Food and Agriculture Organization (FAO), Currently Pakistani basmati FOB is moving weak and now it's hovering in the range of USD 1100/MT which is down by 2.22% from last month FOB of USD 1125/MT.

Price Outlook:-Average Rice price in all India is likely to trade steady in coming weeks due to fresh arrival from major producing states which may pressurize paddy/rice market to some extent.

International Market Highlight:

Unofficial and preliminary Thai rice exports (excluding premium white and fragrant rice) for October 2-8, 2017, totaled 175,716 metric tons, down 21,327 metric tons from the previous week and down 18,138 metric tons from the four-week moving average of 193,854 metric tons. Rice exports from January 1 – October 8, 2017, totaled 6,904,531 metric tons.

Despite foreign exchange appreciation, export prices for most grades of rice declined 1 percent from the previous week. The Thai baht appreciated again this week from 33.38 baht/U.S. \$1 to 33.18 baht/U.S. \$1.00. However, Thai rice quotations were lower this week as downward pressure on domestic prices for white and fragrant rice more than offset the strengthening of the Thai baht. Foreign buyers are reportedly waiting for supplies of MY217/18 main crop rice which are expected to enter the market in the latter half of October

Japan's MAFF regularly maintains 828,100 MT of rice in reserve. An additional 640,000 MT (actual tonnage) of MA rice stocks were held (as of October 2016), of which 350,000 MT (actual tonnage) is set aside for the GOJ contingency feed grain reserve. As a result of the decline in table rice production, private stocks have decreased in 2016 and 2017. Accordingly, aggregated ending stocks are expected to total 2.4 million MT in MY2016/17, and are forecast to further decline to 2.2 million MT in MY2017/18 (given an anticipated decrease in production).

Cambodia exported 421,966 tons of milled rice in the first nine months of 2017, a 17 percent rise compared with the same period last year. Cambodia exported 421,966 tons of milled rice in the first nine months of 2017, a 17 percent rise compared with the same period last year. Export to China accounted for 124,760 tons, or 29.5 percent of the total exports, during the January-September period this year. Cambodia is expected to export 200,000 tons and 300,000 tons to China in 2017 and 2018, respectively.
