

Domestic Market Highlights:

- **One of the leading buyers of Indian basmati rice, Government of Iran- GTC has issued an international tender for the procurement of 30 thousand tons of Indian rice. Anybody can be a tenderer, but** he only has to buy rice from India and shipment it. The last date for submission of tender has been fixed October 9. In the two consignments, the amount of 1121 Pusa rice samples of 15-15 thousand tons of sela rice was sent there. The period of shipment has been fixed between October 15 and November 15. Generally there are restrictions on the import of rice there for a few months as there are paddy harvesting and government procurement there. But after the new ban by the US, it is felt that India needs to import rice so that its reserves can be made.
- **Average weekly wholesale prices of rice in India stood at Rs.2715 per quintal first week, down 5.23% from Rs.2865 per quintal from the previous week, and down 14 % from Rs.3154 per quintal a year ago.** Agriwatch expects non-basmati rice market to move steady to slightly firm on lower kharif acreage estimates in coming weeks.
- **Two Indian companies — Sukhbir Agro Energy and Pattabhi Agro Foods — have bagged export orders of 600 tons of non-basmati rice from China, paving the way for the first shipment of the cereal to the neighboring country after it agreed last month to import it from India.** The exports will take place soon after the rice processing plants of these two companies are approved by China.
- **The Chhattisgarh government announced to give 300 rupees / quintal bonus on the purchase of paddy** to the farmers by electing the election. Chhattisgarh farmers will now get 2,070 on A-grade paddy and Rs 2,050 / quintal on normal grade paddy.
- **Indian rice exporters have a sum of nearly Rs.1, 000 crore stuck mainly because an Iranian importer has defaulted on payments due for aromatic rice exported to the Gulf country.** The All India Rice Exporters' Association (AIREA) admitted that there was a fraud by an Iranian company, but said the things are being sorted out with the both governments seized of the matter. In 2017-18, Iran imported 8, 77,422 tons of basmati worth Rs. 5,830 crore, according to the official data. According to the Agricultural and Processed Food Products Export Development Authority (APEDA) data, Indian firms exported basmati 4, 26,034 tons of basmati rice worth Rs. 3,089 crore during the first three months of the current financial year.
- **As on 31st Aug-2018, about 369.98 lakh hectares of acreage has been reported under paddy compared to normal** of 365.32 lakh hectares for the corresponding week. Thus 4.66 lakh hectares more acreage has been reported compared to normal of corresponding week, also up by 2.10 lakh hectares up by last year same period of 367.88 lakh hectares. Higher acreage is mainly reported from the states of Andhra Pradesh (11.62 lakh Ha.), Telangana (9.11 lakh Ha.), Haryana (13.29 lakh Ha.), Punjab (30.42 lakh Ha.), Chhattisgarh (36.97 lakh Ha.), Madhya Pradesh (21.06 lakh Ha.). Lower acreage is reported from the states of U.P, Bihar, Manipur, Assam, Tripura etc.
- **Basmati grown in Punjab this year is likely to witness a major reduction in use of pesticides and fungicides** that lead to rejection of export consignments from India. The state government is reaching out to farmers through Gurudwaras, public meetings and social media to dissuade use of Acephate, Cabandazim, Thiamethoxam, Tricyclazole and Triazophos—chemicals responsible for higher residue level in rice.

- **All-India progressive procurement of Rice as on 20.08.2018 for 2017-18 was at 364.45 lakh tons against the procurement of 380.80 lakh tons in the corresponding period of last year.** Higher procurement has been received from northern states of Punjab (118.33 lakh Tons), Haryana (39.92 lakh tons), and U.P (28.75 lakh tons) and in south it is started in Telangana (36.20 Lakh Tons). Andhra Pradesh government's procurement has reached 39.72 lakh tons. Chhattisgarh government also procured around 32.55 lakh tons of rice as of now. Procurement in Madhya Pradesh and Odisha has reached 10.96 and 32.87 lakh tons respectively. Procurement in West Bengal and other rice growing states is still underway.
- **India's rice stocks in the central pool as on Aug- 1, 2018 stood at around 24.94 million tons up by 5.23% from 23.70 million tons recorded during the corresponding period last year,** according to data from the Food Corporation of India (FCI). India's rice stocks in the central pool are up by 5.23% by from 23.25 million tons recorded on July-01, 2018. Highest stock could be seen in the state of Punjab (80.61 lakh tons) followed by Andhra Pradesh (19.58 lakh tons) and Haryana (17.16 lakh tons) and Uttar Pradesh (14.48 Lakh Tons). The highest stock recorded of 339.6 lakh tons recorded in Feb- 2018.

Price Outlook: -Rice prices are expected to trade steady in Last week of July with the normal domestic demand across the country. However, prices during the last quarter of MY 2017-18 will largely depend on the progress of 2018 monsoon and the impact on MY 2018-19 rice planting.

International Market Highlight:

- **Rice exports from Pakistan during first month of current financial year grew by 2.85 percent as compared the** corresponding month of last year and about 212,518 metric tons of rice worth US\$ 110.966 million exported as against the exports of 190,455 metric tons valuing US\$ 107.893 million of same period of last year. During the month of July, 2018, about 37,661 metric tons of basmati rice worth US\$ 34.832 million exported as compared the exports of 31,433 metric tons valuing US\$ 33.91 million of the corresponding month of last year.
- **Unofficial and preliminary Thailand rice exports (excluding premium white and fragrant rice) for August 6-12, 2018,** totaled 253,712 metric tons, up 56,402 metric tons from the previous week and up 55,991 metric tons from the four-week moving average of 197,721 metric tons. Rice exports from January 1 – August 12, 2018 totaled 5,728,136 metric tons.
- **Iraq's state grains board said on Thursday it had purchased a total of 60,000 tons of rice in an international tender,** which closed this week. Traders said separately some 30,000 tons of rice was purchased from the United States at around \$655 a ton c&f free out.
- **For marketing year (MY) 2018/19 (May to April), forecast for Bangladesh total rice area and production levels** are revised downward to 11.6 million hectares and 34.4 million tons respectively based on marginal production loss in Boro rice (planted in December/January) due to heavy downpours in harvesting season and lower Aus rice harvested area due to expected flooding in this current monsoon season.

- **Vietnam's rice exports in the first seven months of this year brought home 2 billion USD, rising 32 percent** against the same period last year. From January to July, the country sold 3.86 million tons of the grain abroad, a year-on-year increase of 12.8 percent. In the first six months of the year, China remained the largest importer of Vietnamese rice with 1.13 million tons, followed by African market with 537,000 tons, the Philippines with 429,000 tons, Indonesia with 776,000 tons, and Malaysia with 305,000 tons.
- **The 2017/18 Indonesia harvested area for rice is estimated to decline slightly to 12.2 million hectares due to increased** corn plantings. Production for 2017/18 is estimated to remain at 37.0 million tons of milled rice equivalent as a result of better yields due to fewer incidents of pest and disease and increased use of higher yielding varieties. To replenish stocks, Government of Indonesia (GOI) is expected to continue issuing authorizations for importing rice to state-run procurement agency BULOG. Rice imports for 2017/18 are estimated to increase significantly to 2.0 million tons, over 2016/17 imported volumes.
- **MY 2017/18 Brazil imports are forecast at 650,000 metric tons (MT), virtually unchanged from MY 2016/17 levels.** The vast majority of Brazil's rice imports come in duty-free from its MERCOSUL neighbors: Paraguay, Uruguay, and Argentina, with nearly 60 percent of MY 2016/17 imports coming from Paraguay alone. MY 2018/19 imports are forecast at 725,000 MT to account for a small uptick in consumption based on population growth.
