

Domestic Market Highlights:

- **Uttar Pradesh has set a target of procuring paddy on 50 million tons of MSP in MY-2018-19.** Last year Uttar Pradesh purchased 43 lakh tons of paddy. An additional amount of 20 rupees per quintal will be given for cleaning of paddy which was earlier Rs. 10 per quintal. The purchase will take place from October 1 to 28 February, 2019.
- **Rainfall in western Assam, Haryana and Punjab damaged the paddy crop, and the crop fell from high wind speed.**
- **Average weekly wholesale prices of rice in India stood at Rs.3018 per quintal third week, down 8.6% from Rs.3304 per quintal from the previous week, and down 9.56 % from Rs.3337 per quintal a year ago.** Agriwatch expects non-basmati rice market to move steady to slightly firm on lower kharif acreage estimates in coming weeks.
- **Rice acreage in India as on 20th Sep 2018 increased to 385.85 lakh hectares as compared to 376.96 lakh hectares same period last year and also up by normal area as on date of 376.30 lakh hectares** which seems that rice production is expected to be good if weather become favorable at the time of harvesting. Higher acreage is mainly reported from the states of Andhra Pradesh (13.48 lakh Ha.), Telangana (10.31 lakh Ha.), Haryana (13.29 lakh Ha.), Punjab (30.42 lakh Ha.), Chhattisgarh (37.54 lakh Ha.), Madhya Pradesh (21.65 lakh Ha.). Lower acreage is reported in the states of U.P, Bihar, Manipur, Assam and Tripura.
- **The Uttar Pradesh Cabinet on Tuesday approved the Paddy Procurement Policy 2018-19 under which the** state government has fixed the minimum support price (MSP) for common paddy at Rs 1,750 per quintal from the earlier Rs 1,550 and Rs 1,770 for Grade I paddy. At a meeting of the Cabinet chaired by Chief Minister Yogi Adityanath, it was also decided that the state government would procure 50 lakh metric tons of paddy from the farmers. Procurement last year was 43 lakh metric tons. It is also decided that the government will give recognition to only online purchases. The state Cabinet has also approved a proposal to double the incentive for millers, contractors and farmers, and an additional Rs 20 will be given for the sieving, cleaning, washing and cutting processes. This amount was Rs 10 earlier. Three thousand paddy procurement centres will also be set up across the state.
- **Indian FOB for 1121 steam traded firm in the month of Aug and currently is in the range of USD 1099.9/MT** which is up by 0.31% from last month price of USD 1096/T due to hike of rice price in the local market. Aromatic rice prices are also traded firm with active buying from millers; Agriwatch expects that aromatic international rice price is likely to trade steady to firm in coming months depends on kharif sowing intensification by farmers. According to the UN's Food and Agriculture Organization (FAO), Currently Pakistani basmati FOB is moving weaker from last month and is now hovering in the range of USD 1045/MT which is up by 0.48% from last month FOB of USD 1040/MT.
- **Paddy arrival hits in many mandis and as per trade sources, around 60-70 bags of 1509 paddy arrival in Aligarh mandi at Rs.2251/quintal,** local buyers are active currently. In Garh Mandi approx 2000 bags of 1509 paddy arrived today at price hover in the range of Rs.2001-2601/quintal, Sugandh paddy arrival is 200 bags at Rs.2001-2161/quintal. In Taran taran mandi around 400 bags of paddy arrival reported today and 1121 paddy traded at Rs.2900-2926/quintal while 1509 paddy traded at Rs.2575-2635/quintal. In Bulandsahar mandi of U.P 800 bags of paddy arrived and 1509 paddy traded at Rs. 2101-2501/quintal.

- **One of the leading buyers of Indian basmati rice, Government of Iran- GTC has issued an international tender for the procurement of 30 thousand tons of Indian rice. Anybody can be a tenderer, but** he only has to buy rice from India and shipment it. The last date for submission of tender has been fixed October 9. In the two consignments, the amount of 1121 Pusa rice samples of 15-15 thousand tons of sela rice was sent there. The period of shipment has been fixed between October 15 and November 15. Generally there are restrictions on the import of rice there for a few months as there are paddy harvesting and government procurement there. But after the new ban by the US, it is felt that India needs to import rice so that its reserves can be made.
- **Two Indian companies — Sukhbir Agro Energy and Pattabhi Agro Foods — have bagged export orders of 600 tons of non-basmati rice from China, paving the way for the first shipment of the cereal to the neighboring country after it agreed last month to import it from India.** The exports will take place soon after the rice processing plants of these two companies are approved by China.

International Market Highlight:

- **MY 17-18 Philippines rice production is revised downwards to 19.4 million tons (paddy) based on the latest** estimates from the PSA. Like corn, rice production in the second quarter of 2018 declined 1.4 percent from the previous year's level as area harvested and yields were lower by 1.5 percent and 0.1 percent, respectively, due to early plantings in some areas. Output during the July-September 2018 period will again likely decline 2.0 percent compared to the previous year's level as area harvested and yields are estimated to drop by 2.8 percent and 0.9 percent, respectively.
- **Rice exports from Pakistan during first month of current financial year grew by 2.85 percent as compared the** corresponding month of last year and about 212,518 metric tons of rice worth US\$ 110.966 million exported as against the exports of 190,455 metric tons valuing US\$ 107.893 million of same period of last year. During the month of July, 2018, about 37,661 metric tons of basmati rice worth US\$ 34.832 million exported as compared the exports of 31,433 metric tons valuing US\$ 33.91 million of the corresponding month of last year.
- **Unofficial and preliminary Thailand rice exports (excluding premium white and fragrant rice) for August 6-12, 2018,** totaled 253,712 metric tons, up 56,402 metric tons from the previous week and up 55,991 metric tons from the four-week moving average of 197,721 metric tons. Rice exports from January 1 – August 12, 2018 totaled 5,728,136 metric tons.
- **Iraq's state grains board said on Thursday it had purchased a total of 60,000 tons of rice in an international tender,** which closed this week. Traders said separately some 30,000 tons of rice was purchased from the United States at around \$655 a ton c&f free out.
- **For marketing year (MY) 2018/19 (May to April), forecast for Bangladesh total rice area and production levels** are revised downward to 11.6 million hectares and 34.4 million tons respectively based on marginal production loss in Boro rice (planted in December/January) due to heavy downpours in harvesting season and lower Aus rice harvested area due to expected flooding in this current monsoon season.

- **Vietnam's rice exports in the first seven months of this year brought home 2 billion USD, rising 32 percent** against the same period last year. From January to July, the country sold 3.86 million tons of the grain abroad, a year-on-year increase of 12.8 percent. In the first six months of the year, China remained the largest importer of Vietnamese rice with 1.13 million tons, followed by African market with 537,000 tons, the Philippines with 429,000 tons, Indonesia with 776,000 tons, and Malaysia with 305,000 tons.
- **The 2017/18 Indonesia harvested area for rice is estimated to decline slightly to 12.2 million hectares due to increased** corn plantings. Production for 2017/18 is estimated to remain at 37.0 million tons of milled rice equivalent as a result of better yields due to fewer incidents of pest and disease and increased use of higher yielding varieties. To replenish stocks, Government of Indonesia (GOI) is expected to continue issuing authorizations for importing rice to state-run procurement agency BULOG. Rice imports for 2017/18 are estimated to increase significantly to 2.0 million tons, over 2016/17 imported volumes.
