

Domestic Market Highlights:

- **As per latest data received from FCI, procurement for new MY-2018-19 starts in some regions and reached to 3.92 lakh tons so far.** Only Haryana and Punjab contributing the paddy procurement with quantity of 3.78 lakh tons and 0.14 lakh tons respectively.
- **The government has cut the rice procurement target this year. The procurement of rice in Kharif season starting from October will be reduced by 11.56 lakh tons compared to last year.** The procurement of 114 lakh tons of rice from Punjab and 39.75 lakh tons of rice is procured from the Haryana. The government procurement of rice in these two states will be done from October 1 to December 15. Apart from this, the Government has set a target of procuring 30 lakh tons in Andhra Pradesh, 15 lakh tons in Telangana, 40 lakh tons in Chhattisgarh, 13 lakh tons in Madhya Pradesh, 8 lakh tons from Bihar, 33 lakh tons in UP, 3 million tons in Odisha, 23 lakh tons in West Bengal, 8 lakh tons in Tamil Nadu, 5 lakh tons in Uttarakhand, 4 lakh tons from Maharashtra.
- **Average monthly wholesale rice prices in India stood at around Rs.3137 per quintal in September- 2018,** up by 0.84% from Rs.3111 per quintal in Aug- 2018, and up by 5.68% from Rs.2970 per quintal a year ago. Agriwatch expects non-basmati rice market to move range bound with some weak tone as expectation of arrival of new crop hit in the mandi.
- **The arrival of paddy is gradually increasing in all the producing states. The arrival of 1509 variety Pusa paddy is constantly increasing.** Prices are running 2300-2400 per quintal. Gradually the arrival of paddy variety of other variety will also start growing. According to the first advance production estimate of agriculture ministry, rice yields are estimated to be 992.40 lakh tons in 2018-19, whereas in the crop season 2017-18, the production of kharif rice was 975 lakh tons.
- **Good news for rice markets, recently the first rice consignment will be left to China. 100 tons 5% broken white rice will be sent to the first consignment,** pray that this rice will not be a part of pesticide or else China will be harder on rice imports than India. This consignment will depart from Nagpur. This news will accelerate the rice price in markets.
- **Basmati exporters of Punjab and Haryana are unfazed by the recent incessant rains that damaged paddy and hope to maintain the upswing that was started from July this year.** The rain damaged 'Pusa-1509' - a variety which is normally harvested in September. The area under this variety is, however, insignificant. Traders don't expect any decline in basmati exports this year. The total area under 'Pusa -1121' is around 10.64 lakh hectares while only 1.32 lakh hectares are under 'Pusa-1509' across basmati-producing states,
- **Uttar Pradesh has set a target of procuring paddy on 50 million tons of MSP in MY-2018-19. Last year** Uttar Pradesh purchased 43 lakh tons of paddy. An additional amount of 20 rupees per quintal will be given for cleaning of paddy which was earlier Rs. 10 per quintal. The purchase will take place from October 1 to 28 February, 2019.
- **Rainfall in western Assam, Haryana and Punjab damaged the paddy crop, and the crop fell from high wind speed.**
- **Rice acreage in India as on 20th Sep 2018 increased to 385.85 lakh hectares as compared to 376.96 lakh hectares same period last year and also up by normal area as on date of 376.30 lakh hectares** which seems that rice production is expected to be good if weather become favorable at

the time of harvesting. Higher acreage is mainly reported from the states of Andhra Pradesh (13.48 lakh Ha.), Telangana (10.31 lakh Ha.), Haryana (13.29 lakh Ha.), Punjab (30.42 lakh Ha.), Chhattisgarh (37.54 lakh Ha.), Madhya Pradesh (21.65 lakh Ha.). Lower acreage is reported in the states of U.P, Bihar, Manipur, Assam and Tripura.

- **The Uttar Pradesh Cabinet on Tuesday approved the Paddy Procurement Policy 2018-19 under which** the state government has fixed the minimum support price (MSP) for common paddy at Rs 1,750 per quintal from the earlier Rs 1,550 and Rs 1,770 for Grade I paddy. At a meeting of the Cabinet chaired by Chief Minister Yogi Adityanath, it was also decided that the state government would procure 50 lakh metric tons of paddy from the farmers. Procurement last year was 43 lakh metric tons. It is also decided that the government will give recognition to only online purchases. The state Cabinet has also approved a proposal to double the incentive for millers, contractors and farmers, and an additional Rs 20 will be given for the sieving, cleaning, washing and cutting processes. This amount was Rs 10 earlier. Three thousand paddy procurement centres will also be set up across the state.

International Market Highlight:

- **MY 17-18 Philippines rice production is revised downwards to 19.4 million tons (paddy) based on the latest** estimates from the PSA. Like corn, rice production in the second quarter of 2018 declined 1.4 percent from the previous year's level as area harvested and yields were lower by 1.5 percent and 0.1 percent, respectively, due to early plantings in some areas. Output during the July-September 2018 period will again likely decline 2.0 percent compared to the previous year's level as area harvested and yields are estimated to drop by 2.8 percent and 0.9 percent, respectively.
- **Rice exports from Pakistan during first month of current financial year grew by 2.85 percent as compared the** corresponding month of last year and about 212,518 metric tons of rice worth US\$ 110.966 million exported as against the exports of 190,455 metric tons valuing US\$ 107.893 million of same period of last year. During the month of July, 2018, about 37,661 metric tons of basmati rice worth US\$ 34.832 million exported as compared the exports of 31,433 metric tons valuing US\$ 33.91 million of the corresponding month of last year.
- **Unofficial and preliminary Thailand rice exports (excluding premium white and fragrant rice) for August 6-12, 2018,** totaled 253,712 metric tons, up 56,402 metric tons from the previous week and up 55,991 metric tons from the four-week moving average of 197,721 metric tons. Rice exports from January 1 – August 12, 2018 totaled 5,728,136 metric tons.
- **Iraq's state grains board said on Thursday it had purchased a total of 60,000 tons of rice in an international tender,** which closed this week. Traders said separately some 30,000 tons of rice was purchased from the United States at around \$655 a ton c&f free out.
- **For marketing year (MY) 2018/19 (May to April), forecast for Bangladesh total rice area and production levels** are revised downward to 11.6 million hectares and 34.4 million tons respectively based on marginal production loss in Boro rice (planted in December/January) due to heavy downpours in harvesting season and lower Aus rice harvested area due to expected flooding in this current monsoon season.

- **Vietnam's rice exports in the first seven months of this year brought home 2 billion USD, rising 32 percent** against the same period last year. From January to July, the country sold 3.86 million tons of the grain abroad, a year-on-year increase of 12.8 percent. In the first six months of the year, China remained the largest importer of Vietnamese rice with 1.13 million tons, followed by African market with 537,000 tons, the Philippines with 429,000 tons, Indonesia with 776,000 tons, and Malaysia with 305,000 tons.
- **The 2017/18 Indonesia harvested area for rice is estimated to decline slightly to 12.2 million hectares due to increased corn plantings.** Production for 2017/18 is estimated to remain at 37.0 million tons of milled rice equivalent as a result of better yields due to fewer incidents of pest and disease and increased use of higher yielding varieties. To replenish stocks, Government of Indonesia (GOI) is expected to continue issuing authorizations for importing rice to state-run procurement agency BULOG. Rice imports for 2017/18 are estimated to increase significantly to 2.0 million tons, over 2016/17 imported volumes.
