

Domestic Market Highlights:

- **Average monthly wholesale rice prices in India stood at around Rs.3353 per quintal in December- 2018**, down by 0.49% from Rs.3370 per quintal in November- 2018, and up by 18.76% from Rs.2824 per quintal a year ago. Agriwatch expects non-basmati rice market to move range bound with firm tone due to decreasing of arrival from major producing regions.
- **All-India progressive procurement of Rice as on 01.1.2019 for 2018-19 was at 252.53 lakh tons against** the procurement of 256 lakh tons in the corresponding period of last year. Key procurement has been received from northern states of Punjab (113.30 lakh Tons), Haryana (39.09 lakh tons) Telangana (21.70 lakh tons), Chhattisgarh (18.91 lakh Tons).
- **India's exports of basmati rice grew by 11.54 per cent to Rs 16,963 crore during April-October this fiscal.** In volume terms, however, the exports declined to 22.95 lakh tons in April-October 2018-19 as against 23.72 lakh crore in the same period last fiscal. While there is a marginal decline of 3.28 per cent per cent in quantity terms, in value terms the exports have grown by 11.54 per cent. The major export destination for basmati rice are Iran, Saudi Arabia, Iraq, UAE, Kuwait, Yemen, the US, and UK.
- **Rice cultivation in the current rabi season is down by 32 per cent as compared to the corresponding period** last year, with Tamil Nadu and Andhra Pradesh reporting a substantial drop in planting, As per the weekly sowing data published on Friday, rabi sowing has covered a total area of 512.53 lakh hectares (lh), about 4.6 %lower than 537.12 lh covered in the same period in 2017-18.
- **By increasing the minimum support price (MSP) of Paddy by Rs. 1750 per quintal to 2500 rupees per quintal** by the Chhattisgarh government, the government procurement of paddy will increase. Chhattisgarh has targeted the target of 55 lakh tons of Paddy this year. The paddy from state of Telangana, Andhra Pradesh and Orissa adjoining Chhattisgarh will now come to illegal use in Chhattisgarh. Due to the promise of increasing the MSP during the elections, government procurement of rice in Chhattisgarh and Border States was halted. So far, 21.6 lakh tons of paddy has been procured in Chhattisgarh. Paddy procurement is 60% higher than the target in Telangana and Andhra Pradesh.
- **Uttar Pradesh has kept the target of paddy procurement five lakh tonnes this year, but so far only 2.45 lakh tonnes** of paddy has been procured by the government. During the same period last year 9.2 lakh tonnes of paddy was procured. Looking at the current situation, the state government's purchase of Paddy will be less in Uttar Pradesh this year. Uttar Pradesh Chief Minister issued an instruction to speed up the purchase while expressing displeasure.
- **India's rice stocks in the central pool as on Dec- 1, 2018 stood at around 32.64 million tons up by 8.33% from 30.13 million tons** recorded during the corresponding period last year, according to data from the Food Corporation of India (FCI). India's rice stocks in the central pool are up by 19.34% by from 19.74 million tons recorded on Nov-01, 2018. Highest stock could be seen in the state of Punjab (47.98 lakh tons) followed by Telangana (16.52 lakh tons) and Tamil nadu (12.34

lakh tons) and Uttar Pradesh (9.40 Lakh Tons). The highest stock recorded of 33.96 million tons recorded in Feb- 2018.

International Market Highlight:

- **Cambodia's rice exports to the international market fell more than 13 per cent for the first 11 months of the year**, compared to the same period last year. It showed a drop in exports to the international market in the first 11 months of the year, accounting for 497,240 tonnes – down from 562,237 tonnes in the same period last year. Decline is due to the lack of stockpiles and competition with neighboring countries.
- **Indonesian Rice imports for 2017/18 are estimated to reach 2.15 million tons, based on realized imports of** state owned purchasing and logistics agency BULOG. Ample stocks will lead to lower imports of 800,000 tons in 2018/19. According to Global Trade Atlas, during the period of January to September 2018, Indonesia sourced the imported rice from Vietnam (36 percent), Thailand (34 percent), Pakistan (17 percent), and India (11 percent). As of September 2018, BULOG had distributed 960,000 tons of rice under rastra and 381,000 tons of rice under market operations. Continuing market sales for the final quarter of 2018 along with rastra allocation for December are estimated to leave BULOG with 2.2 million tons of rice stocks at the end of 2018. Under normal rastra distribution and market operations this level of stocks should be sufficient to sustain BULOG until the first harvest of 2019, without need for imports.
- **On November 13, 2018, Statistics Korea (KOSTAT) released its revised 2018 rice production estimate of 3,868,045 metric tons**, representing a minor decrease (7,000 MT) from the recent update of PSD (KS1837) due to unfavorable weather developments during planting and growing stages that resulted in a lower rice yield of 5,244 kg per hectare (ha), down 0.4 percent from 2017. The PSD has been revised accordingly.
- **Iran has ended its seasonal ban on rice imports, allowing importers to register their orders**, Deputy Agriculture Minister Ali Akbar Mehrfard announced the end of the annual ban in a letter dated Nov. 28.
- **Thailand Rice export prices remain unchanged from the previous week. Traders are waiting for the shipping** arrangements to be finalized for the contracts under the November 20, 2018 Philippines tender for 500,000 metric tons of 25% grade white rice from various origins to be finalized. The first shipment totaling 250,000 metric tons will be delivered in December 2018 and the remainder in January 2019. Traders expect that around half of the shipments will be the Thai origin white rice. In Vietnam, the news media reports that 118,000 metric tons will come from Vietnam. The remainder will be white rice from other origins, including Pakistan and India. Unofficial and preliminary rice exports (excluding premium white and fragrant rice) for November 12- 18 totaled 158,941 metric tons, up 2,426 metric tons from the previous week

and up 1,587 metric tons from the four-week moving average of 157,354 metric tons. Rice exports from January 1 – November 18, 2018 totaled 8,361,879 metric tons.

- **Egypt has disapproved Indian rice buying tender for 2018 as all Indian rice samples failed the cooking test required** for the approval. China and Vietnam samples have approved.
