

Domestic Market Highlights:

- **On March 1, there were 46.5 million tons of stocks in the country's food-grains, which is 21% more** than last year i.e. March 1, 2018. The stock of rice in government food-grains on March 1 was 26.4 million tons, which was 23.3 million tons during the same period last year. Rice stock increased 13.4% over the previous year's period. With the increase in the MSP of paddy, good government procurement was done in the last season. At the same time, the bonus given on the purchase of wheat and rice by the state government also had an impact.
- **MY 2018/19 government rice procurement surged on record domestic production and the higher** government minimum support price (MSP), and is likely to reach a new record. Government of India rice procurement under the MSP operation as of February 22, 2019, was estimated at 35.4 MMT, compared to 29.8 MMT during the corresponding period last year.
- **Prices for top exporter India's benchmark 5 percent broken parboiled variety rose for the first time in** four weeks to \$383-\$386 per ton from last week's \$378-\$383 range.
- **In the first 10 months of this financial year i.e. April-2018-January 2019, the export of basmati rice** was 33.59 lakh tonnes, which was 33.51 lakh tonnes in the same period last year i.e. the export of basmati rice is almost same from last year; similarly non-basmati there was tremendous decline in the export of rice. During the same period last year 62.67 lakh tons non-basmati rice were exported which was 74.47 lakh tons in 2017-18. Rice exports from India decreased due to tough competition by Thailand, Indonesia in non-basmati rice prices in international markets. Paddy and rice prices in the domestic markets are also sharper than last year and also the daily fluctuations between dollar and rupee are affecting exports. Paddy and rice prices may increase once again, when good export demand comes out.
- **India's rice stocks in the central pool as on February- 1, 2019 stood at 40.67 million tons up by 19.75%** from 33.96 million tons recorded during the corresponding period last year, according to data from the Food Corporation of India (FCI). India's rice stocks in the central pool are up by 10.93% from 36.66 million tons recorded on Jan-01, 2019. Highest stock could be seen in the state of Punjab (76.42 lakh tons) followed by Telangana (23.50 lakh tons) Uttar Pradesh (21.44 Lakh Tons) and Andhra Pradesh (15.07 lakh tons). The highest stock recorded till now in last 7 years.
- **With a record rice production of 115.6 million tons, the overall food-grain production in the country is likely** to be 281.37 million tons in 2018-19.
- **The government had fixed 375 lakh tons of paddy procurement in the current season, of which more** than 350 lakh tons of paddy has been procured so far. Government procurement of paddy this year may be more than 400 lakh tons. As on 25th February 2019, all India rice /Paddy procurement is reached to 355.40 lakh tons which is more than last year procurement of corresponding period. Highest procurement has been received from states of Punjab, Chhattisgarh, Haryana, Telangana and Andhra Pradesh.
- **The Maharashtra government announced a bonus of 500 rupees per quintal on the purchase of paddy** from farmers. Last year, the state government had given a bonus of Rs 200 per quintal

on paddy in the kharif season. Due to drought in several districts of Maharashtra, the paddy crop was reduced.

- **In January, 5 lakh tons of basmati rice and 5 lakh tons of non-basmati rice were exported from India.** Exports of basmati rice from April to December were 28.6 million tons and non-basmati 56 lakh tons, ie non-basmati rice export reached 61 lakh tons and export of basmati rice reached 33.6 lakh tons from April to January.
- **Haryana Agricultural Department has released the second advance estimation of crop production** for the entire marketing season (Kharif + Rabi) of 2018-19. Under this, the possibility of production of rice, wheat, sugarcane and guar is less than the 2017-18 seasons and the production of millet and cotton is expected more. As per the advance estimates, the production of rice in Haryana can be reduced by 4.3 percent from 48.80 lakh tons in 2017-18 season and 46.69 lakh tons in 2018-19 and wheat production could fall by 7.8 percent from 122.63 lakh tons to 113.01 lakh tons.
- **The Telangana government has released the second advance estimation of agricultural production** for the current marketing season (Kharif + Rabi) of 2018-19. Under this, the possibility of drop in the production of all other important crops, except paddy and sugarcane, has been expressed. According to the latest report of the State Agriculture Department, production of rice during the 2018-19 seasons in Telangana increased from 62.50 lakh tons to 63.50 lakh tons and sugarcane production from 25.58 lakh tons to reach 28.00 lakh tons Estimates.

International Market Highlight:

- **From April 1, 2018 to March, 2019, Myanmar's rice and broken rice exports are expected to reach about 2.3 million tons,** down about 1.2 million tons compared with the same period last year. Myanmar Rice Federation (MRF) This year, country has exported more than two million tons of rice. The total rice exports are expected to hit about 2.3 million tons including the additional exports in March. In the past, Myanmar's fiscal year was from April 1 to March 31. Since 2018-2018 fiscal year, Myanmar has changed its fiscal year from October 1 to September 30.
- **Sri Lanka declared Minimum Support Price for Nadu and Samba variety rice which will be effective** from 1st April. MSP of Nadu Variety Rice is 80 Sq. Kg / kg (Indian Rupees 32 per kg) and Samba Variety MSP 85 Sri Lankan rupee per kg (Indian Rupees 34 per kg).
- **Rice export prices increased 1-2 percent, particularly for fragrant and parboiled rice, due mainly to the** strengthening of the Thai baht to 32.4 baht/U.S. \$1.00 from the exchange rate of 32.6 baht/U.S. \$1.00 in the previous week. Meanwhile, export prices of white rice remained unchanged. Exporters have secured white rice supplies to fulfil the shipment contracts to the Philippine and Chinese governments who respectively purchased 224,000 metric tons of 25%

grade white rice, and 100,000 metric tons of 5% grade white rice in November 2018. The shipments have taken place since mid-December 2018 and will finish in January 2019. Thailand Unofficial and preliminary rice exports (excluding premium white and fragrant rice) for December 10-16, 2018 totalled 245,482 metric tons, up 74,486 metric tons from the previous week and up 68,183 metric tons from the four-week moving average of 177,299 metric tons. Rice exports from January 1 – December 16, 2018 totalled 9,071,074 metric tons.

- The European Commission has imposed tariffs on rice imported from Cambodia and Myanmar in a bid to curb** a surge in rice imports from the two Southeast Asian countries. Significant increase of imports of Indica rice from Cambodia and Myanmar into EU caused economic damage to the EU producers. According to the commission's decision, from Friday, the EU will reinstate the normal customs duty on this product of 175 Euros (199 U.S. dollars) per ton in the first year, progressively reducing it to 150 Euros (171 U.S. dollars) per ton in the second year, and 125 Euros (142 U.S. dollars) per ton in the third year. Cambodia and Myanmar are beneficiaries of the EU's everything but Arms (EBA) trade scheme, which unilaterally grants duty-and quota-free access to the world's least developed countries, according to the statement. Cambodia exported a total amount of 626,225 tons of milled rice in 2018, with 42.9 percent of it going to the European markets.
- Cambodia's rice exports to the international market fell more than 13 per cent for the first 11 months of the year**, compared to the same period last year. It showed a drop in exports to the international market in the first 11 months of the year, accounting for 497,240 tonnes – down from 562,237 tons in the same period last year. Decline is due to the lack of stockpiles and competition with neighboring countries.
