

Domestic Market Highlights:

- **Rice export prices in India rose to their highest level in more than seven months as the rupee appreciated**, denting demand, while trading companies in Vietnam increased domestic buying to fulfill new overseas deals. India's 5 percent broken parboiled variety was quoted around \$392-\$395 per ton this week, up from \$386-\$389 last week. As per traders, Demand has been moderating due to the price rise. African buyers are not ready to pay higher prices. The Indian rupee was trading near its highest level in seven months, trimming returns from overseas sales for traders in the world's largest rice exporter.
- **In Vietnam, rates for 5 percent broken rice were in line with last week's \$360 a ton. Demand for Vietnamese rice** is seen rising, with key trading companies increasing their purchases from farmers for deals they have signed with customers from Malaysia, Philippines and Iraq. Vietnam, the world's third largest rice exporter, has shipped more than 200,000 tons of rice to Malaysia so far this year, while clients from Iraq have placed orders for 120,000 tons. A source with the Ministry of Industry and Trade said Egypt was seeking to buy 20,000 tons of 10-12 percent broken rice from Vietnam for delivery in June.
- **Indian non-basmati rice exporters have begun to lose the white rice market in Africa, the largest buyer**, to competitors such as Vietnam, Myanmar and Pakistan as a hike in the minimum support price for paddy and an appreciating rupee have impacted the competitiveness of the cereal. Though the Centre had provided an incentive of 5 per cent under the Merchandise Exports from India Scheme (MEIS) since November 25, the recent strengthening of the rupee has offset the impact of the scheme. Moreover, the MEIS ends on March 25 and so far, there has been no clarity on its continuation. As a result, international buyers are holding on to their orders, awaiting the Indian government's stance on the incentive. "No orders are being booked beyond March 25.
- **Demand of premium variety of Govindo Bhog paddy of West Bengal is increasing from South India and Bangladesh.** Last year Govindo Bhog Paddy prices were Rs 3000 per quintal, which now has increased 17% to Rs. 3500 per quintal. Similarly, Govindo Bhog rice prices have increased by 9% from last year to Rs. 5100 per quintal; Last year, the Govinda Bhog rice prices were Rs. 4700 per quintal.
- **On March 1, there were 46.5 million tons of stocks in the country's food-grains, which is 21% more** than last year i.e. March 1, 2018. The stock of rice in government food-grains on March 1 was 26.4 million tons, which was 23.3 million tons during the same period last year. Rice stock increased 13.4% over the previous year's period. With the increase in the MSP of paddy, good government procurement was done in the last season. At the same time, the bonus given on the purchase of wheat and rice by the state government also had an impact.
- **MY 2018/19 government rice procurement surged on record domestic production and the higher** government minimum support price (MSP), and is likely to reach a new record. Government of India rice procurement under the MSP operation as of February 22, 2019, was estimated at 35.4 MMT, compared to 29.8 MMT during the corresponding period last year.
- **Prices for top exporter India's benchmark 5 percent broken parboiled variety rose for the first time** in four weeks to \$383-\$386 per ton from last week's \$378-\$383 range.

- **In the first 10 months of this financial year i.e. April-2018-January 2019, the export of basmati rice** was 33.59 lakh tonnes, which was 33.51 lakh tonnes in the same period last year i.e. the export of basmati rice is almost same from last year; similarly non-basmati there was tremendous decline in the export of rice. During the same period last year 62.67 lakh tons non-basmati rice were exported which was 74.47 lakh tons in 2017-18. Rice exports from India decreased due to tough competition by Thailand, Indonesia in non-basmati rice prices in international markets. Paddy and rice prices in the domestic markets are also sharper than last year and also the daily fluctuations between dollar and rupee are affecting exports. Paddy and rice prices may increase once again, when good export demand comes out.
- **The Maharashtra government announced a bonus of 500 rupees per quintal on the purchase of paddy** from farmers. Last year, the state government had given a bonus of Rs 200 per quintal on paddy in the kharif season. Due to drought in several districts of Maharashtra, the paddy crop was reduced.

International Market Highlight:

- **From April 1, 2018 to March, 2019, Myanmar's rice and broken rice exports are expected to reach about 2.3 million tons**, down about 1.2 million tons compared with the same period last year. Myanmar Rice Federation (MRF) This year, country has exported more than two million tons of rice. The total rice exports are expected to hit about 2.3 million tons including the additional exports in March. In the past, Myanmar's fiscal year was from April 1 to March 31. Since 2018-2019 fiscal year, Myanmar has changed its fiscal year from October 1 to September 30.
- **Sri Lanka declared Minimum Support Price for Nadu and Samba variety rice which will be effective** from 1st April. MSP of Nadu Variety Rice is 80 Sq. Kg / kg (Indian Rupees 32 per kg) and Samba Variety MSP 85 Sri Lankan rupee per kg (Indian Rupees 34 per kg).
- **Rice export prices increased 1-2 percent, particularly for fragrant and parboiled rice, due mainly to the** strengthening of the Thai baht to 32.4 baht/U.S. \$1.00 from the exchange rate of 32.6 baht/U.S. \$1.00 in the previous week. Meanwhile, export prices of white rice remained unchanged. Exporters have secured white rice supplies to fulfil the shipment contracts to the Philippine and Chinese governments who respectively purchased 224,000 metric tons of 25% grade white rice, and 100,000 metric tons of 5% grade white rice in November 2018. The shipments have taken place since mid-December 2018 and will finish in January 2019. Thailand Unofficial and preliminary rice exports (excluding premium white and fragrant rice) for December 10-16, 2018 totalled 245,482 metric tons, up 74,486 metric tons from the previous week and up 68,183 metric tons from the four-week moving average of 177,299 metric tons. Rice exports from January 1 – December 16, 2018 totalled 9,071,074 metric tons.
- **The European Commission has imposed tariffs on rice imported from Cambodia and Myanmar in a bid to curb** a surge in rice imports from the two Southeast Asian countries. Significant increase of imports of Indica rice from Cambodia and Myanmar into EU caused economic damage to the EU producers. According to the commission's decision, from Friday, the EU will reinstate the normal customs duty on this product of 175 Euros (199 U.S. dollars) per ton in the

first year, progressively reducing it to 150 Euros (171 U.S. dollars) per ton in the second year, and 125 Euros (142 U.S. dollars) per ton in the third year. Cambodia and Myanmar are beneficiaries of the EU's everything but Arms (EBA) trade scheme, which unilaterally grants duty-and quota-free access to the world's least developed countries, according to the statement. Cambodia exported a total amount of 626,225 tons of milled rice in 2018, with 42.9 percent of it going to the European markets.

- Cambodia's rice exports to the international market fell more than 13 per cent for the first 11 months of the year**, compared to the same period last year. It showed a drop in exports to the international market in the first 11 months of the year, accounting for 497,240 tonnes – down from 562,237 tons in the same period last year. Decline is due to the lack of stockpiles and competition with neighboring countries.
