

### Domestic Market Highlights:

- **The Central Government asked the State Governments to give subsidy of Rs. 500 per quintal to the subsidy given on the old paddy seed and to give the incentive of 1000 rupees per quintal for the paddy of New Variety, the purpose behind this is that the use of old seeds Reduced.**
- **All-India progressive procurement of Rice as on 03.05.2019 for 2018-19 was at 374.51 lakh tons** against the procurement of 300 lakh tons in the corresponding period of last year. According to available data, in the current kharif marketing season, Punjab has procured 113.34 lakh tones rice, 39.09 lakh tons in Haryana, 40.80 lakh tons in Chhattisgarh, 36.14 lakh tons in Telangana, 32.33 lakh tons in Uttar Pradesh 34.48 lakh tons in Orissa, 32.25 lakh tons in Andhra Pradesh, 13.95 lakh tons in Madhya Pradesh, 16.54 lakh tons in West Bengal, 4.62 lakh tons in Uttarakhand, 11.48 lakh tons in Tamil Nadu, 4.25 lakh tons in Maharashtra and 9.28 lakh tons in Bihar.
- **Since the arrival of paddy in the mandis is negligible, the rice market increased by 16% in April. Exports of non-basmati rice decreased 13.6% compared to last year to 67.11 lakh tonnes which was 77.66 lakh tonnes from April to February last year. On the other hand exports of basmati rice increased by 6.5% to 38.55 lakh tonnes. Overall rice exports, compared to last year, exports were down by 7.2% to 105 lakh tonnes.**
- **Despite the dedine in exports compared to last year, due to the normalization of production and the huge availability of rice in the central pool, due to the decrease in the paddy arrival in amndis, market has started accelerating.**
- **Uncertainty looms over basmati, tea exports after Iran sanctions:** Uncertainty looms over tea and basmati rice exports from India as the US intends to fully clamp down on Iran oil exports, say companies and trade association. Industry is concerned as India is an importer of crude oil from Iran and any sanction on Iran can impact trade of other commodities India export. India annually exports 30 million kg of tea and one million tonnes of basmati rice to Iran. Iranian demand for orthodox Indian teas was very strong from the beginning of the new season that kicks off in April. Similarly, basmati trading companies were sending shiploads of rice since December and were expecting a peak season till June.
- **Asian rice exporting hubs saw tepid activity this week, with prices for the staple from top exporter India dipping on lower demand, while Bangladesh mulled a review of its ban on exports of the grain. India's 5 percent broken parboiled variety was quoted around \$377-\$380 per tonne, down from last week's \$387-\$390. Demand from African buyers was weak as they have ample inventories. Aggressive selling of old inventories by China at lower prices has also weighing on prices.**
- **Government has offered 901680 tonnes of rice in OMSS since July'18 until fourth tender in March'19 out of which 846080 tonnes was sold. Of the total quantity, state government and bulk consumers bought 844680 tonnes and 1400 tonnes of rice respectively.**
- **Opening stock with FCI on 1<sup>st</sup> April registered at 293.94 lakh MT up by 45.21 lakh MT against 248.73 lakh MT stock during the same time last year.**
- **Despite record domestic production, the higher MSP has driven the MY 2018/19 domestic prices right from the beginning of the season. Market prices during the second half of the**

season are likely to remain steady on the forecast lower rabi harvest. However, domestic prices may also respond to international price movements.

### International Market Highlight:

- **Ivory Coast banned rice imports from Singapore-based commodity trader Olam International for one year** after destroying an 18,000-tonne shipment of spoilt.
- **Thailand Rice export prices further increased 1-2 percent from the previous week as foreign traders are still seeking** parboiled rice for African markets. Additionally, exporters are securing white and parboiled rice supplies for contracted shipments, particularly to African and Middle Eastern markets. This export demand for both white and parboiled rice caused further increase in farm-gate prices of white paddy rice by around 3 percent from the previous week. However, the increase in domestic prices of white paddy rice was partly offset by the weakening of the Thai baht, which further depreciated to 31.70 baht/U.S. \$1.00 from the previous week's exchange rate of 31.57 baht/U.S. \$1.00. Unofficial and preliminary rice exports (excluding fragrant rice) for March 25-31, 2019 totaled 149,538 metric tons, up 23,364 metric tons from the previous week and up 757 metric tons from the four-week moving average of 148,781 metric tons. Rice exports from January 1 – March 31, 2019 totaled 1,898,331 metric tons, down 24 percent from the same period last year.
- **Rice production in Burma (also called Myanmar) in MY 2019/20 is forecast to increase as farmers increase** planting acreage in anticipation of favorable weather and due to attractive prices. Burma's overall rice exports in MY 2019/20 are forecast remain at the same level as MY 2018/19 at 3.0 MMT. There will be some lost market potential in the EU, offset by some increased market potential in China.
- **MY 2019/20 Bangladesh rice import forecast is projected lower to 500,000 MT due to increased total supplies** because of higher production. MY 2018/19 import estimate is down to 575,000 MT because of slow import pace, likely caused by the application of a very high tariff and higher domestic production. Bangladesh primarily imports rice from India and Pakistan. India has been the largest supplier in recent years. Stocks: According to the Ministry of Food (MOF), as of March 19, 2019, public rice stocks are 1.37 MMT, which is approximately 33 percent higher than last year. From December 1, 2018 to March 3, 2019, the MOF procured 799,966 MT of monsoon (Aman rice) season rice at BDT 36 (US\$ 0.42) per kilogram.
- **From April 1, 2018 to March, 2019, Myanmar's rice and broken rice exports are expected to reach about 2.3 million tons**, down about 1.2 million tons compared with the same period last year. Myanmar Rice Federation (MRF) This year, country has exported more than two million tons of rice. The total rice exports are expected to hit about 2.3 million tons including the additional exports in March. In the past, Myanmar's fiscal year was from April 1 to March 31. Since 2018-2018 fiscal year, Myanmar has changed its fiscal year from October 1 to September 30.
- **Sri Lanka declared Minimum Support Price for Nadu and Samba variety rice which will be effective** from 1st April. MSP of Nadu Variety Rice is 80 Sq. Kg / kg (Indian Rupees 32 per kg) and Samba Variety MSP 85 Sri Lankan rupee per kg (Indian Rupees 34 per kg).
