

Domestic Market Highlights:

- **Average monthly wholesale rice prices in India stood at around Rs.3527 per quintal in May-2019**, up by 1.76% from Rs.3466 per quintal in April-2019 and up by 23% from Rs.2864 per quintal a year ago. Agriwatch expects non-basmati rice market to move range bound with firm tone due to decreasing of arrival from major producing regions and demand of Indian rice from overseas buyers.
- **Prices of India's 5 percent broken rice were unchanged from last week at \$364-\$367 per tonne.** Export demand is weak but we couldn't cut prices due to the rising rupee. A strong rupee reduces exporters' margin from overseas sales.
- **Haryana Government sought FCI approval from raising the milling charge of paddy from Rs 10 to Rs 15**, for a long time Rice Millers of Haryana were demanding increasing milling charges. The Haryana Government is trying to improve the situation of rice mills in the state. The State Government has approved the approval of the FCI to increase the charge of milling in the central pool to Rs 15 per kg, which is currently 10 rupees per kg. If FCI approves this proposal, then about 1000 rice mills will benefit.
- **With the increase in import duty on rice by Bangladesh, the export of non-basmati rice decreased 76%** last year. Last week, Bangladesh increased the import duty on rice to 55%. Bangladesh imported 4.43 lakh tonnes of non-basmati rice in 2018-19, while in the year 2017-18, 18.45 lakh tonnes of non-basmati rice was imported.
- **During the current marketing season, the market price of basmati paddy was quite high so that the farmers got huge earnings.** During the financial year 2018-19, the export of basmati rice in the country has also increased rapidly to the top level of 44 lakh tons. With this, the farmers of Punjab are very excited and they can make every effort to increase the production area of basmati paddy this year. Last year Punjab's production area was 5.47 lakh hectares which is expected to reach 7 lakh hectares during the current year.
- **In April, export of 4.33 lakh tonnes of basmati rice and 3.07 lakh tonnes of non-basmati rice from India.**
- **Bangladesh Government has fixed import duty on rice by doubling the present level of 28 percent** to 55 percent now, considering the country's excellent domestic production of paddy. In this connection a government circular was issued on May 22. As a result, the prospect of importing rice from India, especially outside of Bangladesh, has diminished. In the statutory regulatory order issued by the National Revenue Board, it has been said that the new import duty has come into force with immediate effect. The Chairman of the Board said that the import duty was reviewed according to the directions of the Prime Minister and it was decided to increase rate of interest to ensure the safety of the interests of indigenous farmers.
- **The Telangana Civil Supply Department (TCSd) has so far procured 68 lakh tons of paddy.** Having more purchases made the problem of paddy storage. TCSd wants FCI to provide 23 lakh tons of rice for storage, FCI agreed to buy 3.44 lakh tons of raw rice from Telangana rice millers yesterday.
- **Egypt has issued tender for purchase of Indian, Chinese and Vietnamese rice in international markets.** Whose shipment will be from July 25 to August 20.

International Market Highlight:

- **Unofficial and preliminary Thailand rice exports (excluding fragrant rice) for April 15-21, 2019, totalled 43,611 metric tons**, down 92,095 metric tons from the previous week and down 74,059 metric tons from the four week moving average of 117,670 metric tons . Rice exports from January 1 – April 21, 2019, totalled 2,219,471 metric tons, down 24 percent from the same period last year.
- **In the international market, India's 5% broken parboiled rice was quoted around \$371 - \$374 per tonne this week-** down from last week's \$373 - \$376. Aggressive selling of old inventories by China was reported to weigh on the global prices.
- **Bangladesh has postponed a decision on lifting its ban on rice exports** until the completion of summer rice harvest as cyclone Fani is estimated to have partially damaged the summer sown "Boro" crop on 55,600 hectares of land.
- **Egypt is seeking to buy at least 20,000 tonnes of 10-12 percent broken rice for delivery between July 25 and Aug. 20**, a source with Vietnam's Ministry of Industry and Trade was reported saying.
- **Ivory Coast banned rice imports from Singapore-based commodity trader Olam International for one year** after destroying an 18,000-tonne shipment of spoilt.
- **Rice production in Burma (also called Myanmar) in MY 2019/20 is forecast to increase as farmers increase** planting acreage in anticipation of favorable weather and due to attractive prices. Burma's overall rice exports in MY 2019/20 are forecast remain at the same level as MY 2018/19 at 3.0 MMT. There will be some lost market potential in the EU, offset by some increased market potential in China.
