

Domestic & International Market Highlights:

- **The central govt. may extend the time line for free distribution of grains under Pradhan Mantri Garib Kalyan Yojana (PMGKY), till March-2021.** The fresh measures would be a mix of demand stimulus and social safety measures. Under this Yojna Government provides 5 kg rice or wheat per person to 81 crore beneficiaries and 1 kg (chana) to 19.4 households free of cost under the National Food Security Act. It may continue to affect rice and wheat price in domestic market.
-
- **Madhya Pradesh is expected to start procurement of paddy harvested in the current Kharif season from Oct 27, nearly a month before schedule.** Procurement will happen initially in the northern parts of the state. Procurement drive would be carried out at centers in Gwalior division's Gwalior, Datia, Shivpuri, Guna and Ashoknagar districts and Chambal division's Morena, Bhind and Sheopur districts. Purchase in the other parts of the state would also begin soon. Procurement was rescheduled due to rising arrivals of the crop in the spot markets. If the state does not commence buying, the gathering pace of arrivals may weigh on prices and hurt the growers.
- **During Apr-Sep, the Centre has sold 732,540 tn rice, against 446,540 tn offloaded in the year-ago period.** The food ministry was not in favour of cutting the price as it is anyway selling rice at a much lower level than the carrying cost it incurs. For the current financial year, the carrying cost of rice is around 3,277 rupees per 100 kg.
- **Basmati rice output in the country is expected to rise by 10% on year to nearly 6.3 mln tn in 2020-21 (Jul-Jun).** The expected rise in production is largely due to an increase in acreage in the 2020-21 season. The area under basmati paddy is also estimated to have risen by 5% on year this season. In 2019-20, the area was pegged at 1.9 mln ha.
- **Rice procurement reached 28.10 lakh tonnes in this season of 2020-21, which is up by 33% from the same period last year.** Highest procurement from Punjab is recorded 17.4 lakh tonnes followed by Haryana 10.27 lakh tonnes.
- **Thailand's benchmark 5 percent broken rice prices eased slightly to \$470-\$475 per tonne from \$472-\$477 last week,** with traders expecting the slight dip to fluctuation in the currency exchange amid relatively flat demand. The prices may go lower if the harvest volume bigger than expected, which will be known around the end of the month.
- **India rice prices remained steady due to softening demand after a surge in exports in the last few months.** Prices of the 5 percent broken parboiled variety were unchanged from last week, around \$376-\$382 per tonne. Traders may not able to hold the prices low despite ample crop, due to the appreciating rupee.
- **Myanmar has managed to achieve its rice export target of 2.5 million tons in over 11 months of the present fiscal year (FY) 2019-2020.** As of Sept. 11 in the present FY, the country exported over 2.53 million tons of rice and broken rice.
- **Pakistan is yet to implement the Geographical Indications (GI) law promulgated in March this year,** India has applied for an exclusive GI tag to Basmati rice in the European Union (EU).
