

Domestic & International Market Highlights:

- **In the month of November-2020**, total rice export from India was 11.99 LT which was higher by 84% from November-2019. Basmati and non basmati rice export in the month was recorded 3.02 LT and 8.67 Lt respectively.
- **1121 Basmati market stabilized:** Lack of premium quality goods but due to weak demand, markets could not be booming. The supply of paddy was also affected due to the demonstration by the farmers. Difficult to grow markets without demand traders have to wait a little more.
- On one hand, the protest against farmer's bill of farmers in North India is going on; whereas on the other hand the government's purchase on MSP is also going on. Most of the protests took place by the farmers of Punjab, where paddy has been procured in highest quantity. By December 19, 202.77 lakh tonnes of paddy was procured from Punjab. Total purchase is 49% of 412.91 lakh tonnes. Procurement is going on in Haryana, Uttar Pradesh, Telangana, Uttarakhand, Tamil Nadu and other states. During the same time last year, 337.74 lakh tonnes of paddy was procured.
- Bihar government increased the limit of paddy to be procured from the ryots, the land owing farmers from the existing 200 quintals to 250 quintals per farmer and for non ryots from the existing 75 quintals to 100 quintals. The government has also decided that the farmers registered at the website of the agriculture department should be automatically deemed as eligible by Primary Agricultural Credit Societies (PACS) at the minimum support price (MSP) rates. The revised paddy procurement target for the current season has been fixed to 45 lakh metric tonnes. This year, the MSP for the ordinary or general grade paddy is Rupees 1,868 per quintal and that of A- grade paddy rupees 1,888 per quintal. The quality or the grade of paddy is based on its moisture content.
- Govind Bhog rice price in Bengal intensifies due to strong domestic and export demand. It is exporting better in Dubai and West Asia. The interesting fact is that the production of this fragrant Govind Bhog rice is also increasing gradually with the producers getting good income. The farmers of Bengal have generally been emphasizing on increasing the production of Swarna rice, which is a common species. Govind Bhog paddy-rice prices are higher than Swarna. Last year, the average market price of Govind Bhog paddy was Rs 3200 per quintal, which has increased by 10-15 per cent to Rs 3500 per quintal in the current year. The mill price of rice is running around Rs 6000 per quintal and the retail market price is around Rs 7500 per quintal.
- Rice export prices in India rose for a third straight week to its highest in more than two months due to an appreciation in the rupee and healthy demand from buyers in Asia and Africa.
- Prices for the top exporter's 5% broken parboiled variety rose to \$378-\$383 per tonne, their highest since the week of Sept. 24, from \$375-\$381 last week.
- The appreciating rupee reduces traders' margin from overseas sales and higher freight charges have been forcing exporters to hike prices, said an exporter based at Kakinada in the southern state of Andhra Pradesh. "Demand is good. Buyers like China are switching to India due to lower prices," the exporter said. China will import 100,000 tonnes of broken rice from India due to dwindling supplies from Thailand, Myanmar and Vietnam.

- Bangladesh will buy another 50,000 tonnes at \$404.35 per tonne from India through a tender in an effort to shore up domestic reserves
- Export orders for non-basmati rice from Bangladesh are likely to increase prices of paddy this rabi season, helping farmers to realise better margins compared with the kharif crop. Bangladesh has issued tenders for importing non-basmati rice, which is likely to bail out West Bengal from an abundant situation. The Indian rice export to Bangladesh is mainly sourced from West Bengal, but export doesn't take place every year.
