

Domestic & International Market Highlights:

- The rice given under the TPDS of Andhra Pradesh is being exported illegally; this rice was purchased from the government in Andhra Pradesh at the rate of Rs 10 per kg and exported to other countries such as Malaysia @ Rs 123. The government recently caught a consignment of 435.8 tonnes of rice.
- The Chief Minister of Chhattisgarh demanded the Center to increase the amount and time limit for government procurement of paddy. By January 28, 90 lakh tonnes of paddy were procured from the state, for which 2500 crore rupees were transferred to the farmers. The State Government will have to pay for the purchase above the quantity prescribed by the Center.
- Centre Govt has said that more than 84 lakh paddy farmers have been benefited from current Kharif Marketing Season Procurement Operations with Minimum Support Price. Around 587 lakh tonnes of paddy have been procured from across India which is 20.28% % higher from 488 lakh tons of the last year.
- Telangana may be the second highest producer of paddy in the country, but when it comes to exports, traders from the state prefer to buy paddy at cheaper rates from Chhattisgarh, Bihar and Uttar Pradesh. Local traders said that if the MSP is Rs 1,885 per quintal in Telangana and Andhra Pradesh, it is around Rs 1,650 in other states. The difference in price gives a huge advantage to exporters as well as consumers abroad.
- Thailand Rice export prices increased around 1 percent as exporters are securing rice supplies for contracted bulk shipments, mostly parboiled rice exports to African countries. Unlike container shipments that are still facing shipment delays, bulk carriers, an alternative shipping method, are reportedly on schedule. Thai rice exporters are still concerned about the strengthening of the Thai baht, which is still at the seven-year record 29.9 baht/U.S. \$1.00, compared to the exchange rate of around 31 baht/U.S. \$1.00 between June and November 2020.
- Unofficial and preliminary Thai rice exports (excluding Hom Mali fragrant rice) for January 4-10, 2021, totaled 68,472 metric tons, up 47,557 metric tons from the previous week and up 9,309 metric tons from the four-week moving average of 59,163 metric tons. Rice exports from January 1 – 10, 2021, totaled 68,612 metric tons, down 23 percent from the same period last year. In 2020, rice exports (excluding Hom Mali fragrant rice) totaled 4,207,004 metric tons, down 28 percent from the previous year's levels of 5,840,442 metric tons.
