

Domestic & International Market Highlights:

- The state purchasing agency in Mauritius has purchased about 6,000 tonnes of long grain white rice to be sourced from India and Pakistan in a tender for the same volume which closed in August. Sellers of rice from India were trading houses.
- The arrival of common and aromatic paddy in the northern states of India is going to be over by March end. since stockiest have bought the paddy at higher price, whereas currently the price has gone down to a certain level as buyers and sellers are in wait and watch mode.
- In this season, due to extra moisture in crop resulted into higher percentage of broken rice as compare to last season so the availability of head rice is lower in this season.
- After march the demand of head rice in domestic as well overseas market is expected to go up due to major factors primarily like Ramdan and competitive price of Indian rice.
- India's 5 percent broken parboiled variety rose to \$395-\$401 per tonne from last week's \$393-\$399. Indian Railways has cut freight for paddy rice transportation by nearly 16% by changing loading norms, which would help exporters, Exporters could save \$3 to \$4 per tonne due to revised freight charges. This would make Indian rice more competitive.
- The area of crops sown during the summer has increased by 7.94 lakh hectares or 22 percent this time and it has increased from 82.34 lakh hectares in 2019-20 to 39.58 by March 5 in 2020-21. Under this, there has been a significant increase in the area of paddy, oilseeds and coarse grains. According to the Ministry of Agriculture, overall summer crops are being cultivated splendidly. Paddy production area has risen from 23.38 lakh hectare last year to 6.54 lakh hectare or 28 percent this time to 29.92 lakh hectare.
- On March 03, under the FCI OMSS scheme, 50 metric tonnes of rice were sold from Maharashtra at a price of Rs 2,250 per quintal. FCI sold 1,000 metric tonnes of rice from Jammu and Kashmir at Rs 2,000 per quintal on March 03 under the OMSS scheme.
- The Ministry of Food has proposed cutting the import duty on rice further by 10 per cent to 15 per cent with a view to encouraging traders to import the staple in higher volume. The meeting also considered reducing import duty on coarse white rice (coarse atap) to 15 per cent from the 62.5 per cent. In December, the government cut the duty rate by 37.5 percentage points to 25 per cent on import of parboiled rice. The duty on rice import was increased to 62.5 per cent earlier to discourage rice imports and benefit local farmers.
- Food assistance of 1000 tons of rice from Madagascar to India: India has decided to give one thousand tonnes of rice and one lakh anti-malarial tablets to Madagascar, a country located in the Indian Ocean, as humanitarian aid. Madagascar is facing severe drought crisis this time. Similarly, 1000 tonnes of rice will be given to another country - Comoros. Clove is produced on a large scale in both these countries. India is providing this first aid to it.
- As more buyers from South America, Eastern Africa and South East Asia start queuing up for the Indian rice, the exports of the rice for both basmati and non-basmati are seen scaling new highs

this fiscal. Rice exports including both basmati and non-basmati types are expected to range between 16 and 17 million tonnes (mt) against previous fiscal's 9.48 mt. South American buyers such as Peru and Argentina have recently granted market access to the Indian basmati rice. Similarly in Eastern Africa, countries such as Angola and Tanzania among others, who traditionally bought from Pakistan, have now turned to India, while Far East countries such as Vietnam and Cambodia are showing higher interest.

- As per second advance estimate by Agriculture Department of India, Indian rice production in MY-2020-21 is expected to reach to 120 Million tonnes which is a record till now.
- Paddy procurement for Kharif 2020-21 is continuing smoothly in the procuring States & UTs of Punjab, Haryana, Uttar Pradesh, Telangana, Uttarakhand, Tamil Nadu, Chandigarh, Jammu & Kashmir, Kerala, Gujarat, Andhra Pradesh, Chhattisgarh, Odisha, Madhya Pradesh, Maharashtra, Bihar, Jharkhand, Assam, Karnataka, West Bengal and Tripura with purchase of over 651.07 LMTs of paddy up to 19.02.2021. This is an increase of 15.91 % against the last year corresponding purchase of 561.67 LMT. Out of the total purchase of 651.07 LMT, Punjab alone has contributed 202.82 LMT which is 31.15 % of total procurement.
- The Rice Exporters Association (TREA-India) is exporting the rice that is beyond the handling capacity of the Kakinada Anchorage Port operated by the A.P. Maritime Board. The first consignment of 32,250 metric tonnes of broken rice has started from Kakinada Deep Sea Port to Senegal in West Africa.
