

Domestic & International Market Highlights:

- The latest Rice Kharif sowing data suggests 388.56 lakh hectares of sowing of rice on August 27th 2021, lower 1.23% from 393.41 lakh hectares the previous year at the same time. As of Aug 27, 2021, Telangana has a total area of 17.61 lakh hectares, lower from 18.79 lakh hectares the previous year at the same time. It is 1.94 lakh hectares in Rajasthan lower from 2.14 lakh hectares the previous year, and 8.02 lakh hectares in Gujarat up from 7.71 hectares the year before. Paddy sowing in Odisha has reduced by 13.29% from the previous year, reaching 31.25 lakh hectares down from 36.04 lakh hectare the previous year.
- The agriculture ministry's fourth advance estimate suggests rice output to reach a new high of 122.27 million tonnes in 2020-21, 9.83 million tonnes higher than the average production estimates of 112.44 million tonnes over the previous five years. India's food grain production is expected to rise by 3.74 percent to a new record of 308.65 million tonnes in the crop year 2020-21 compared to 297.5 million tonnes in 2019-20 due to good monsoon rains last year
- Procurement of paddy in ongoing KMS 2020-21 is continuing smoothly in the procuring States of India at MSP, as was done in previous seasons and till now (up-to 26.08.2021) a quantity of over 873.99 LMT of rice higher by 13.36% against last year. About 129.03 lakh farmers have already been benefitted with MSP value of Rs. 1,64,951.77 crore.
- Haryana government has decided to start the procurement of paddy from 25th September and the procurement will continue till 15th November. This year around 200 procurement centres have been set up for paddy procurement by the Haryana government.
- The central government has decided new quality specification for the procurement of paddy. According to the specification, the broken rice percentage has reduced from 25% to 20%, the moisture content in rice has reduced from 15% to 14% and the damaged grain percentage has reduced from 3% to 2%. In case of rice unloaded at grain market, the moisture content has reduced from 17% to 16%, the permissible limit of foreign matter has been reduced from 2% to 1%.
- The Telangana government has started efforts to convince FCI to lift the rice grown this season in order to extent the ongoing cultivation of paddy so as to increase the area of cultivation from planned area of 42 lakh acres to 55 lakh acres. The production is expected to be about 1.48 crore tons at the rate of 27 quintal per acre. They are also increasing the storage capacity of government godowns from 24 lakh tonnes to 64 lakh tonnes.
- Paddy procurement in Uttar Pradesh will start from October 1 under the Minimum support Price scheme for the year 2021-22. The procurement will continue till January 31,2022 in western UP and Bundelkhand region while in eastern UP the purchase will start from November 1 to February 28, 2022.
- India's rice export this week has improved from four and half a year low which is benefitted by improved overseas demand, though high shipping cost still remains a challenge. This week India's 5% broken parboiled variety was quoted in the range \$355 to \$360 per tonne up from \$352 to \$356 last week.

- Punjab has set to bring the acreage of rice below 2 million marks which includes both basmati and non basmati rice. The decision came up after water table that in 85 % of agricultural block has come up to dark zone. The area has been diverted to cotton and maize in order to stop overexploitation of ground water.
- Nepal has imported rice worth Rs 50.48 billion in the last fiscal year up by 51.4% than the previous year. The import expense on rice has increased by Rs 17 billion during the fiscal year 2020/21 and this amount to 3.3% of total expense on imports. Nepal imports rice mainly from India, China, Japan and Thailand.
- In Thailand, freight charges remained a hurdle as the ships were not readily available. However, prices of Thailand's 5% broken parboiled rice moved up slightly to \$390-\$403 from \$387-\$400 per tonne due to strengthening of Thai baht.
- Despite having 1.7 million tons of rice and wheat reserves, Bangladesh is importing rice from India which is available for Tk40-42 per kg compared to home grown rice of price Tk50 per kg. The increase in imports is due to reduced import duty from 62.5 % to 25 %. During the previous fiscal year Bangladesh has imported 0.78 million tons of rice while during the current fiscal year within 2 months the government has approved import of 1.2 million from private players.
