

Domestic & International Market Highlights:

- The latest Rice Kharif sowing data suggests 409.55 lakh hectares of sowing of rice on September 10th, 2021, higher 0.39% from 407.97 lakh hectares the previous year at the same time. Telangana sown 20.18 lakh hectares of rice down by 0.64% from 20.31 lakh hectares the previous year. While Odisha has sown 34.59 lakh hectare of rice down by 6.56% from 37.02 lakh hectares last year.
- The agriculture ministry's fourth advance estimate suggests rice output to reach a new high of 122.27 million tonnes in 2020-21.
- Procurement of paddy in ongoing KMS 2020-21 is continuing smoothly in the procuring States of India at MSP, as was done in previous seasons and till now (up-to 06.09.2021) a quantity of over 889.62 LMT of rice higher by 15.39% against last year. About 130.47 lakh farmers have already been benefitted with MSP value of Rs. 1,67,960.77 crore.
- India will likely to walk away with the sole right to Geographical tag (GI) tag for basmati rice in the European Union (EU) after the deadline for setline the issue with Pakistan has expired. This will allow India to market fragrance rice in the EU as "basmati" rice and can prevent other countries like Pakistan from selling food grain as "Basmati".
- Acute scarcity of Diammonium phosphate (DAP) fertilizers is likely to have an impact on paddy production in Andhra Pradesh. According to report, few days ago, DAP was offered for Rs. 50 to Rs. 70 more than MRP of Rs. 1200 due to demand supply disruption. The scarcity of DAP is anticipated to impair paddy cultivation, causing issues for farmers.
- Due to heavy rainfall in the major parts of Andhra Pradesh, the irrigation department has decided to release water only for irrigated dry crops under Nagarjuna sagar right canal ayacut. Not happy with the move the farmers have decided to give up paddy cultivation and move slowly towards chili, cotton and jowar. Paddy sowing was not upto even 50% of the anticipated areas in Addanki, Darsi, Purchur and Ongole assembly constituency due to insufficient water supply.
- In Philippines, tariff collected from shipment for rice decreased by more than 4% to P11.69 billion in eight months to August from P12.22 billion a year ago, as the volume of imports shrank over 7%. The volume of imported rice has fallen to 1.74 million metric tons (MT) in first eight months from 1.88 MT a year earlier.
- The Telangana government has urged farmers in the state not to grow paddy as it will not purchase them due to already higher availability of the stocks. This has put lakhs of farmers in peril, as the rabi season is just a few months away.
