

Domestic & International Market Highlights:

- The latest Rice Kharif sowing data suggests 414.18 lakh hectares of sowing of rice as on September 17th, 2021, higher 0.20% from 413.34 lakh hectares the previous year at the same time. Telangana has sown 21.28 lakh hectares of rice up by 3.30% from 20.60 lakh hectares the previous year. While Odisha has sown 35.13 lakh hectare of rice down by 5.18% from 37.05 lakh hectares last year.
- The agriculture ministry's fourth advance estimate suggests rice output to reach a new high of 122.27 million tonnes in 2020-21.
- Procurement of paddy in ongoing KMS 2020-21 is continuing smoothly in the procuring States of India at MSP, as was done in previous seasons and till now (up-to 13.09.2021) a quantity of over 889.88 LMT of rice higher by 15.42% against last year. About 130.47 lakh farmers have already been benefitted with MSP value of Rs. 1,67,960.77 crore.
- UP targets record rice procurement this kharif marketing season. In the earlier season a procurement of 66 lakh MT of paddy was done. This season a record of 70 lakh MT is expected to be procured by the UP government. Market arrivals is expected to start within 10 days. Around 4000 procurement centres are set up in all 75 districts.
- Centre has decided to procure 20 Lakh tonnes more parboiled rice from Telangana. The Telangana government was in distress since the demand from nearby states like Kerala, Tamil Nadu and West Bengal started waning for parboiled rice.
- For the first time, Department of Food and Public Distribution (DFPD) has issued uniform specification for fortified rice kernel (FRK) for grade A and common rice in case of procurement, of which 1% of FRK (w/w) should be blended with normal rice stock. The department has issued the uniform specification of food grains for Central pool procurement with regard to Kharif marketing season 2020-21.
- Iraq signs first contract in seven years to import Thai rice. Report suggests this as the second lot of rice that Iraq has bought from Thailand this year. The first lot of 44,000 tonnes has been delivered on August 18. Iraq had banned Thai rice 7 years ago owing to quality concerns.
- Under Haryana government's 'Mera pani mera virasat' crop diversification scheme around 98,000 acre of paddy land has been shifted to alternative crops like maize, pulses and horticultural and vegetable growing crops. The primary reason for switching from paddy include payment of incentive of Rs7,000 per acre.
- The Telangana government has urged farmers in the state not to grow paddy as it will not purchase them due to already higher availability of the stocks. This has put lakhs of farmers in peril, as the rabi season is just a few months away.
