

**Domestic & International Market Highlights:**

- After a halt in paddy procurement due to heavy rainfall, it is back on track in Punjab. All necessary arrangements have been made in all the mandis and paddy stocks are covered with tarpaulins. Waterlogging were reported in a few low lying mandis in Sangrur and Patiala where motors were used to drain out the water.
- Indian rice export price has touched the highest level in three and a half month this week due to strong rupee and low supplies. India's 5% broken parboiled rice was quoted at \$363 to \$367 per tonne this week up from \$362 to \$365 per tonne last week. The prices have risen for three straight weeks.
- As per sources, due to the low supplies the domestic prices are firm. In the coming month, the prices are expected to trade weak due to higher supplies.
- In Bangladesh, the traders are demanding government to remove import duty as the domestic prices continued to rise in the domestic market despite bumper summer crop production and hefty imports. A huge volume of rice is imported from India through land ports.
- India's export infrastructure has developed in such a way that it is expected to export around 20 million tonnes which is last year's record due to rising demand for staple food from Asia, Africa and Middle East.
- Vietnam's 5% broken rice is quoted at \$425 to \$430 per tonne down from \$430 to \$435 per tonne the previous week. Prices are edging towards more competitive prices similar to India and Thailand.
