

Domestic & International Market Highlights:

- AP government has directed authorities to bring a strict policy for paddy procurement and ensure it through Rythu Bharosa Kendras (RBK). The official expect a yield of 87 lakh tonnes from 15.66 lakh hectares from which 50 lakh tonnes will be procured from 6884 RBKs.
- Due to delay in the procurement of paddy in Telangana the stocks of paddy have become more than the capacity the rice millers can lift on a daily basis. This has led to long waiting by the farmers.
- India's rice export prices hit 4-month high last week due to limited supplies and a strong rupee. India's 5 % broken parboiled rice variety was quoted at \$364 to \$369 per tonne highest since July 8 up from last week's \$363 to \$367 per tonne.
- Bangladesh raised the price the government will pay farmers in the upcoming rice season to 40 taka per kilogram 37 taka the previous year. The government is expected to buy 50,000 tonnes of rice from farmers starting from November 7 as the nation struggle to contain the rising prices of staple food.
- Thailand's 5% broken rice declined to \$382 to \$384 per tonne the same level as six weeks ago, from \$385 to \$406 per tonne last week. Lower domestic demand causes a drop in local and export prices while attracting some overseas demand.
- Vietnam's 5% broken rice prices rose to \$430 to \$435 per tonne from \$425 to \$430 per tonne last week. Prices edged up because farmers in the Mekong delta have finished the autumn winter harvest leading to limited supplies. Vietnam's October rice exports totaled at 530,000 tonnes worth \$278 million.
- The central government has introduced 'mixed indicator' test for determining the age of milled rice. The test will be used by FCI now in Punjab as they start receiving custom milled rice. The FCI has given Punjab the target of producing 40 lakh MT of fortified rice out of 113 lakh MT expected as CMR.
- In Karnataka, farmers are anxious about fall in the price of paddy with bumper yield expected in the state due to good rains. The farmers are demanding government to establish procurement centres announcing the support prices.
- After procuring over 80 percent of the expected paddy which includes non-basmati arrivals in Punjab's grain market this season, the government has decided to shut all the mandis/purchase centres by November 10 owing to lower arrivals seen in the mandi.
