

Domestic & International Market Highlights:

- As of 5th November, Rabi paddy sowing was done in 5.62 lakh hectares down by 2.8 lakh hectares from 8.42 lakh hectares the previous year.
- From December the exports from India are expected to slow down as the arrivals of kharif paddy would peak and most of the buyers would be adopting “wait and watch” attitude which would ultimately pick up in January. Most of the exports from India are moving towards Red sea mainly to Djibouti.
- As per APEDA, non-basmati rice exports during the first half of the fiscal year increased by 75 percent to 8.91 million tonnes valued at Rs. 21,852 crores from 5.08 million tonnes valued at Rs. 11,765 crores during the same period a year ago. Bangladesh is the top importer buying 1.25 million tonnes during the same period followed by Benin and China importing 0.685 million tonnes and 0.675 million tonnes.
- Basmati rice exports to Iran to pickup again as Iran has lifted seasonal ban on rice imports. Basmati rice exports is expected to increase in the coming month even though high freight charges and container shortages remains a challenge.
- As per APEDA, basmati rice exports during April-August this year dropped 16 percent to 1.7 million tonnes from 2.03 million tonnes a year ago.
- Over the current dispute between Center and Telangana government on the procurement of parboiled rice, the center has asked Telangana to encourage the production of rice bran oil industry in order to help the state get through it. There is a pricing discrepancy between the procurement and export prices. While the procurement costs have increased by 400 per quintal in previous seven years, the export price have decreased by Rs. 200 per quintal.
- In Punjab around 14 districts have stopped the operation of paddy procurement. This is in spite of the fact that the arrivals in the mandi is still in lakh metric tonnes with 6.48 lakh tonnes arriving on 09th November of which 6.44 lakh tonnes were purchased. On 10th November, 5.05 lakh tonnes of paddy arrived. As of 10th October, 181.09 lakh tonnes were procured by Punjab but in wake of earlier target given by Center, high arrivals continuing and apprehension of bogus billing, state government has decided to wind up the operations.
