

Domestic & International Market Highlights:

- As of 08th December 2021, 326 lakh MT of paddy has been procured in KMS 2021-22 in the procuring states. Till now approximately, 25.94 lakh farmers have been benefitted from the procurement with MSP value of Rs. 63,897.73 crores.
- Fortified rice kernel manufacturers association of Haryana said they will go on hunger strike if the government did not cancel its milling tenders to private firm. As per reports, the government has given tenders to firm which offered Rs. 59.64 + GST per kg of fortified rice to the government, while the Haryana based firm are even ready to give the same quality rice at Rs. 45-50 per kg.
- India's 5 percent broken rice was quoted at \$351-\$356 per tonne down from \$353-\$358 last week. The price fell as Indian rupee weakened touching two months low. This has made Indian rice highly competitive in international market.
- Rice exporters association of Pakistan (REAP) is urging government to take immediate action to ensure timely availability of containers for the exports of rice. Also shipping companies are charging too high compared to the prevailing rates.
- As of 10th December, rabi paddy sowing was done in 10.81 lakh hectares up by 0.525 lakh hectares from 10.366 lakh hectares the previous year during corresponding period. In Tamil Nadu, around 9.611 lakh hectares up by 1.127 lakh hectares from 8.484 lakh hectares the previous year.
- Rice millers and exporters have asked the government to clarify whether rice husk is a bio fuel or not. The rice husk is mainly used as the fuel for rice mills as its burning helps in managing overwhelming volume of husk. They also said to continue the milling operation if government doesn't clarify.
- Domestic price for rice in Bangladesh continues to rise despite hefty imports and good crops. The rise in the price is mainly due to artificial crisis being created in the market. The officials blamed on hoarding by middlemen.
- Jharkhand government to take loan of Rs. 1552 crore for the procurement of paddy at MSP from two PSU banks. Normal paddy would be purchased at Rs. 2050 per quintal while grade A paddy will be procured at Rs. 2070 per quintal.
- In Vietnam, 5 percent broken rice fell to \$410-\$414 per tonne from \$415-\$420 per tonne last week. The market is considered to be idle currently except high freight charge and container crunch remains a major problem. Farmers in Mekong Delta are also accelerating the sowing of seeds in order to avoid drought and salinity.

- Centre has targeted a distribution of around 35 LMT of fortified rice till March 2022 in Phase 1. While in Phase 2 around 175 LMT of fortified rice targeted to be distributed till March 2023.
- Thailand's 5 percent broken rice was narrowed to \$385-\$396 per tonne from \$380-\$397 per tonne last week. It is mainly due to strengthening of Thai baht over Us dollars.
