

### Domestic & International Market Highlights:

- As of 26<sup>th</sup> December 2021, 443.49 lakh MT of paddy has been procured in KMS 2021-22 in the procuring states. Till now approximately, 47.03 lakh farmers have been benefitted from the procurement with MSP value of Rs. 86,924.46 crore.
- In Punjab, the highest paddy procurement was done with 186.86 LMT benefitting 9.24 lakh farmers at MSP value of Rs. 36,623.64 crores. Haryana follows next with 55.30 LMT of paddy procurement benefitting 3.10 lakh farmers at MSP value of Rs. 10,839.97 crores.
- Despite all the issues from Central Government, Telangana government has set a new record in paddy procurement in ongoing Kharif season. As per the Centre targets of 46 lakh quintals rice procurement, which is equivalent to 68.65 lakh quintals of paddy, till January 3, 65.20 lakh metric tonnes of paddy was procured by the government and is preparing to procure additional quantities of paddy stocks coming the procurement centers.
- Due to offseason rains, rice production in the current fiscal has significantly shrunk and the fall is the lowest in the past five years in Nepal. This year the rice production went down by 8.74 percent compared to the last fiscal year. The production was 5.13 million MT this year while it was 5.62 million MT last fiscal year.
- Farmers from Tamil Nadu protested to commence procurement as more than 3,000 bags of paddy were waiting for more than 20 days due to technical problem in online registration. Sources said that more than 18 DPCs were functioning in Orathanadu region of Tamil Nadu, but, at present only one DPC at Karukadipatti village was functional where more than 800 farmers had completed harvest of paddy.
- Poor weather condition has affected Kuttanad farmers as they are witnessing a drop in paddy yield by 2.5 lakh quintal in the rabi season. Rains, floods and bund collapse have impacted the crop. With this, the farmers who were expecting a yield of 5.10 lakh quintal fetch only 2.86 lakh quintals.
- Food Corporation of India declared that it would do away with open storage completely and go for only CAP (covered and plinth) storage by March 2022 as there have been numerous cases across India where large number of foodgrains have been destroyed after exposing to elements, especially rains, as the food stocks were stored in the open by FCI after procurement.
- Districts of Thanjavur and Tiruvarur were impacted by the heavy rains that lashed at Tamil Nadu in the past days have led to a crop loss of around 20,000 acres of paddy. The officials also said that around 50,000 tonnes of paddy that was procured and stocked in an open stockyard of the TNSC at Kumbakona were also affected.

- As of 31st December, rabi paddy sowing was done in 14.052 lakh hectares down by 0.997 lakh hectares from 15.049 lakh hectares the previous year during corresponding period. In Tamil Nadu, around 10.219 lakh hectares up by 0.817 lakh hectares from 9.402 lakh hectares the previous year.
- As per sources, 46,000 MT of rice vessel HAI ALI SARI is loading at Kakinada Port since 24<sup>th</sup> December 2021. Also, 30,100 MT of rice vessel MISS SIMONA is loading at Kakinada Port since 20<sup>th</sup> December 2021. And 49,000 MT of rice vessel SEA FORTRESS is loading at Kakinada Port since 20<sup>th</sup> December 2021. Also, 5,000 MT of rice vessel RIDER is loading at Kandla Port since 29<sup>th</sup> December 2021. Also, 4,000 MT of rice vessel ABDULLATIF is waiting for loading at Kandla Port since 28<sup>th</sup> December 2021. Also, 35,640 MT of rice vessel PROPEL PROSPERITY is expected to arrive at Kandla Port on 31<sup>st</sup> December 2021. Also, 48,000 MT of rice vessel FANEROMENI is loading at Vizag Port since 30<sup>th</sup> December 2021.
