

Domestic & International Market Highlights:

- As of 23rd January 2022, 606.19 lakh metric tonnes (LMT) of paddy have been procured in KMS 2021-22 in the procuring states. Till now, approximately, 77 lakh farmers have been benefitted from the procurement with the MSP value of Rs. 1,18,812.56 crore.
- In Sri Lanka, the government is promoting farmers to cultivate green gran in the barren paddy fields which cannot be used for paddy cultivation and inter season. The green gram will be used as a supporting crop between the two seasons of paddy. Sri Lanka's rice production have been low and to meet domestic demand they have imported rice from India, China and Myanmar etc.
- Grain-based ethanol manufacturers have demanded that the Centre follow dual pricing for the
 products made from maize and rice due to difference in realization, potentially helping the
 government's crop diversification plan. The same pricing for products made by both maize and
 rice is impacting the ethanol manufactures as the raw material costs are different for both in
 different season and this affect the profit cost margin.
- As per reports, Pakistan exported rice worth \$1066.769 million during July-December (2021-22) against the exports of \$963.379 million during July-December (2020-21), showing growth of 10.73 percent. Among the rice segment, the exports of Basmati rice increased by 33.14 percent as this surge from \$228.370 million last year to \$304.043 million during the current year. The exports have been higher mainly because Iran and Iraq started purchasing basmati from Pakistan instead of India due to better connectivity.
- In Tamil Nadu, Cauvery delta farmers who have cultivated Samba and Thalady paddy have urged the State government not to stop water release from Mettur dam on January 28, the stipulated date, and instead sought to continue the release to save the crops which were raised in a delayed manner owing to heavy rains. Due to the rains, the farmers have re sown the plot which has led to a major delay in the cropping.
- The rice mills in NCR are still operating 5 days a week which is affecting the rice milling process as
 the parboiling process is a continuous procedure. As per rice industrialists, due to the curbs they
 are facing 40 per cent production loss. We expect that once the mills start operating with full
 fledge, we can see any major movement in the prices. Until then the market is expected to stay
 steady.
- Due to unseasonal rains, paddy purchase couldn't happen in Bhilai district of Chhattisgarh for almost 10 days. Now, Paddy will be purchased on support price in 138 centres of the district till February 7. This was earlier scheduled for 31 January.
- In Singrauli district of Madhya Pradesh, due to insufficient space available for procured paddy and lack of milling, the paddy has been sent to other districts like Raisen. According to officials, 30

thousand tonnes have been directed to be sent to Raisen. Soon the administration for other districts will be given a target from the government level. It is believed that the paddy in Sigrauli will be sent to those districts where there is milling facility along with storage.

- As of 21st January, Rabi paddy sowing was done in 23.606 lakh hectares down by 21.86% from 30.21 lakh hectares the previous year. Tamil Nadu has sown 11.30 lakh hectares of paddy so far up from 10.19 lakh hectares. The decrease in the acreage is mainly due to Telangana and Andhra Pradesh farmers opting out sowing of paddy due to the procurement issues with centre and government's crop diversification policies. Also, in West Bengal and Odisha, the sowing has been delayed due to unseasonal rainfalls.
- As per sources, 4,500 MT of rice vessel SUVARI KAPTAN is loading at Kandla Port since 21st January 2022. And 5,750 MT of rice vessel BEEK6 is expected to arrive at Kandla Port on 23rd January 2022. And 42,000 MT of rice vessel NPS MOSA is loading at Kakinada Port since 16th January 2022. Also, 39,900 MT of rice vessel STRANGE ATTRACTOR is loading at Kakinada Port since 17th January 2022. And,55,000 metric tonnes (MT) of rice vessel ELEFTHEROTRIA is waiting for loading at Kandla Port since 17th January 2022. Also, 35,640 MT of rice vessel PROPEL PROSPERITY is loading at Kandla Port since 18th January 2022. Also, 22,000 MT of rice vessel MOMENTUM PHONIX is loading at Krishnapatnam Port since 06th January 2022. Also, 41,000 MT of rice vessel SUPRA ONIKI is loading at Krishnapatnam Port since 08th January 2022.
