

Domestic & International Market Highlights:

- During the Gulfood that occurred in Dubai during 13th to 17th, around 1 LMT order was received for basmati white sella rice. The demand for 1121 white sella rice was also high. In coming days, good demand from Middle-East countries is expected which would support the rice market. It is highly unlikely that the rice market would weaken in coming days.
- Paddy arrivals in various mandis include, 3,000 bags in Raisen mandi, 10,000 bags in Kota mandi, 2,000 bags in Khair mandi. In Jahangirabad mandi, 10,000 bags have arrived and 10,000 bags in Kaithal mandi. In Kotkapura, 1200 bags have arrived, 2000 bags have arrived in Sirsa mandi.
- In Sri Lanka, during the ongoing maha paddy season, the government has purchased 50,000 MT of paddy from the farmers and intended to purchase around 3,00,000 MT of paddy. The country is undergoing a major inflation issue due to lower production owing to country's policy for organic farming.
- Currently, 5% broken rice of IR 64 variety is being quoted at \$350 per tonne FOB from Kolkata port while from JNPT port it is being quoted at \$368 per tonne FOB. The 5% broken rice for Swarna variety is being quoted at \$334 per tonne FOB from Vizag port.
- The CIF of 5% broken rice from India for various location includes \$475 per tonne for Togo, \$498 per tonne for Gambia, \$462 per tonne for Djibouti and \$480 per tonne for Benin.
- The domestic rice market is showing a steady tone currently as the container and logistic challenges still prevails in the market. And there is a positive sign for the availability of containers to East Africa which would support the vessel market towards the firm side in near future. Demand from East African countries is good and is expected to be same in near future.
- The paddy stocks in Haryana, Punjab, Madhya Pradesh and Rajasthan have become almost nil. Rice millers have stock available till March end. Also, few stocks are available with stockiest and they are waiting the market to rise further. Considering all these parameters and good demand from Middle East countries prior to festival season, we expect basmati rice prices to trade steady to slightly firm.
- As of 20th February 2022, around 695.67 lakh tonne of paddy have been procured by state agencies and FCI benefitting 94.15 lakh farmers with MSP value of Rs. 1,36,350.74 crores.
