

Domestic & International Market Highlights:

- Pakistan has asked China to enhance rice quota to 2 million tonnes. Pakistan has exported rice worth \$2.1 million to China in the first seven months of the current fiscal year 2021-22 whereas it exported rice worth \$2.29 million to China in the same period the previous year.
- Due to inflation in Sri Lanka, there has been a huge rise in the prices of food grains. The cost of rice has crossed Sri Lankan rupee 500 per kg. Sri Lanka has been affected by the worst economic crisis and they are importing more rice in order to control the inflation.
- India's 5% broken rice was quoted at \$367 to \$370 per tonne, down from last week's \$371 to \$378, due to depreciation in the rupee amid steady demand from key buyers. Wheat, corn and other grains prices have rallied in the last few weeks. Rice is stable currently in the market and buyers are making decent purchases. A weaker rupee increases traders' margin from overseas sales.
- Thailand's 5% broken rice prices fell to \$408-\$412 per tonne, from \$410-\$428 a week ago as the Thai baht declined against the dollar. The weak baht is leading to competitive prices and boosting sales, with more than 7 million tonnes of rice this year to be exported, overtaking the export target. However, logistics remained a challenge with insufficient ships and high freight rates. New crop arrivals is expected to enter the market later this month.
- Vietnam's 5% broken rice was offered at \$415-\$420 per tonne, unchanged from a week ago. While supplies are building up amid a harvest in the Mekong Delta, traders were buying from farmers to push domestic prices down. As per sources, 232,000 tonnes of rice to be loaded at Ho Chi Minh City port in March, most of it heading to the Philippines and Africa.
- Jharkhand government will request the Centre to extend the deadline for paddy procurement upto April 30 this year, in case if it fails to achieve the target by March 31. The target for 2021-22 is 80-lakh tonne, and the deadline for procurement is expiring on March 31. The state has achieved over 71 per cent of its paddy procurement target till March 23.
- Due to low buyers in the markets of Punjab, Haryana and Delhi, the prices of basmati were showing flat tone. The arrivals of paddy were low in Uttar Pradesh.
- Many traders from the neighbouring states like Kerala, Tamil Nadu and Karnataka had procured paddy from Telangana in Kharif. The reason is that because of high-quality paddy grown in irrigated areas of Telangana, there has been good demand for Telangana paddy in neighbouring states. It is believed that even in the present Rabi season, a similar trend would prevail and ultimately the farmers' produce will be procured in the open market. It is estimated that Grade-A variety may fetch anywhere between Rs 1,600 and Rs 1,800 per quintal while the common variety would fetch Rs 1,300 to Rs 1,500 per quintal in March.

- In Pakistan, FOB for 5% broken rice is \$348 per tonne, \$340 per tonne for 25% broken rice and \$330 per tonne for 100% broken rice. Due to good availability of shipments, trading activities in Pakistan has increased.
