## BLACK PEPPER

### **Fundamentals:**

#### **Today's Update:**

- Steady sentiment witnessed in Black pepper spot market reported on Thursday.

#### **Previous Update:**

- Vietnam Pepper price today (December 15) continued to have no new changes. The purchase price in the domestic market is currently ranging from 81,000 to 83,000 VND/kg. According to the survey, today's pepper price continued to stabilize. In which, the lowest price is 81,000 VND/kg in Gia Lai and Dong Nai provinces. Next are the two provinces of Dak Lak and Dak Nong with the same level of 82,000 VND/kg. In Binh Phuoc province, pepper continues to be purchased for 82,500 VND/kg. Similarly, Ba Ria - Vung Tau province still maintains its leading position with a transaction level of 83,000 VND/kg.
- According to the Indonesian Bureau of Statistics (BPS), the country's pepper exports in the first nine months of 2021 reached 29,205 tons, down 22.5% year-on-year, based on the latest report from the Import-Export Department. Ministry of Industry and Trade).
- In which, exports of whole white pepper accounts for 47.7% of the country's total pepper exports, reaching 13,931 tons; whole black pepper accounts for 37%, reaching 10,800 tons.
- Indonesia's main pepper export markets include Vietnam, China and the US, accounting for 50% of the country's total pepper exports.
- In the first 9 months of 2021, Indonesia's pepper exports to Vietnam decreased by 50.5%, reaching 12,393 tons; to China decreased by 40.6%, reaching 7,231 tons and to the US decreased by 7.8%, reaching 7,231 tons. Indonesia's pepper productivity and output decreased.
- According to statistics from the Malaysian Bureau of Statistics, in the first nine months of 2021, Malaysia pepper exports up 17.9% over the same period last year. In the domestic market of Malaysia, the Malaysian Pepper Board (MPB) is currently focusing on efforts to improve the quality of pepper at the farm level through the selection of varieties grown for high production of white and black pepper. grade with export quality. This factor has helped Malaysia become a major competitor with other pepper producing countries in the world such as Vietnam, Indonesia and India.
- Malaysia is currently one of the largest pepper producers and exporters in the world. With the help and encouragement from the Government, the country is expected to be in a better position as the world's leading pepper producer in the future.
- According to the Department of Agricultural Product Processing and Market Development Vietnam, the export price of pepper has increased sharply, leading to a continuous increase in pepper prices in the domestic market. At the beginning of the year, the price of raw pepper was only at 50,000 VND/kg by mid-October, it surpassed the 90,000 VND/kg mark and is expected to increase by over 100,000 VND/kg by the end of the year.
- According to local sources, farmers in the Dong Nai province have begun to harvest pepper. The selling price at the garden is about 80,500 - 90,000 VND/kg, more than doubled compared to the region last year. The early harvest of this local pepper is a great advantage. Pepper farmers in the province make good profits. In early 2021, with more than 12,000 hectares, pepper is a crop that consumes a large area in Dong Nai, so it can be said that pepper is still the main crop of the province.
- Lower production expectations supported the domestic pepper prices. As per current situations, Agriwatch expected India's pepper productions for 2021-22 likely to go down by 8 to 10% compared to last year. Last year (2020-21) India's Pepper production was 62,000 MT.
- Agriwatch expects, black pepper prices likely to go up further around Rs.70,000 – 75,000/-qtl, as other producing countries new crop arrivals likely to start from March in Vietnam and expected lower production. So, domestic as well as international buyers are looking for Indian variety.
- Due to lower supply from other producing countries in the global market, demand shifted to Indian market supported the domestic prices despite of higher production (2020-21).
