

Sugar & Gur Domestic & International Fundamentals

- Market sentiments traded steady to weak as selling pressure surged out compelling domestic producers to sell old stocks even at a lower rate.
- Tenders are invited for transportation of sugar by THE HARYANA STATE FEDERATION OF CONSUMERS COOPERATIVE WHOLESALE STORES LIMITED (CONFED). Opening date of tenders has been fixed at 21st November, 2014.
- As per the ISMA report, sugar production in the country for 2014-15(till 15th Nov, 2014) stand out at 5.6 lakh tons as against 4.6 lakh tones during the same period. So far, the data collected was from 141 sugar mills mostly operating in Maharashtra, Karnataka and Gujarat while crushing process is still pending in states like Uttar Pradesh.
- U.P govt. declared cane SAP of Rs 280/quintal (normal variety), Rs 290/quintal (early ripening variety) and Rs 275/quintal (late variety) for marketing year 2014-15; which are similar to the rate fixed last year. The govt. had also made it compulsory for the millers to pay the first installment of Rs 240/quintal within 14 days of procurement while the remaining amount needs to be paid within three months of completion of crushing.
- Sugar production in Thailand is expected to range in between 10- 11 million tons for MY 2014-15 against a record high of 11.3 million tons the previous year. Hot and humid climate condition coupled with scanty rainfall this year cited cues for this fall in expectation.
- Brazilian govt. furnished an export of 2.1 million tons of raw sugar in October, 2014 compared to 1.7 million tons last month. Also there saw a rise of 0.03 million tons of raw export when made comparison on y-o-y basis.

Outlook: Sugar prices are currently hovering in a range with weaker tone due to lackluster trade. However, lower expected yield in Brazil due to persistent dry weather condition and lengthening of intra-harvest period could stimulate prices in near future.
