

## Sugar & Gur Domestic & International Fundamentals

- The Central govt. of India is soon expected to release a relief package of Rs 1950 crore to the cooperative sugar mills in Maharashtra that needs to be utilized for making pending cane arrears to the farmers.
- Market player, Platts forecasted Brazil's Centre South region to crush 43.43 MT of sugarcane in second half of June, 2015 thereby producing 2.32 MT of sugar there on.
- India's sugar export rose 90% from last week as the country exported 86.1 thousand tons of sugar for the week ending 28<sup>th</sup> Jun, 2015 compared to 45.3 thousand tons sugar the previous week.
- As per the latest data released by Brazil's Trade Ministry, the country exported 1.50 MT of raw sugar in June, 2015 which was 0.79% higher than the export made last year in June, 2014.
- In a bid to support local cane millers, the Brazilian govt. had raised import tariff on ethanol from 9.25 per cent at present to 11.75 per cent. The step is likely to boost the domestic ethanol production while combating the mass shipment from largest ethanol producer U.S.
- The Telengana govt. is expected to impose entry tax on sugar import as the neighboring states such as Karnataka, Maharashtra and Tamil Nadu are dumping their excessive sugar onto the state leading to a further fall in local sugar prices.

**Outlook:** Sugar prices are expected to improve a bit due to summer seasonal demand while an excessive sugar surplus will cap the gain.
