

Sugar & Gur Domestic & International Fundamentals**Recent Update:**

The prices across India showed mixed trend today. The prices in Delhi, Kolhapur and Vijayawada stood steady at Rs. 3360/q, Rs.3250/q and Rs.3720/q respectively. The prices stood firm in Khatauli at Rs. 3345/q.

OMC's have been supplied with 92.5 crore litres of ethanol till 22nd June since December'19 by Indian sugar mills. A total contract of 170 crore litres was finalized between the sugar mills and OMCs for 2019-20 season. The states like UP, Haryana, Punjab, Uttarakhand, Bihar and Karnataka is much higher at 8.5% to 9.8% with petrol. Whereas, an average all India blending of 5.09% with petrol was achieved. India is expecting an increase in ethanol production capacity from the current 260-300 crore litres to 375-400 crore litres and achieve 7.5-8 per cent ethanol blend levels with petrol in 2020-21 season.

Weather Forecast:

Heavy to very heavy rainfall at a few places with extremely heavy falls at isolated places likely over Konkan & Goa; heavy rainfall at a few places with very heavy falls at isolated places over Coastal Karnataka; heavy to very heavy rainfall very likely at isolated places over East Uttar Pradesh, East Madhya Pradesh, Bihar, Sub-Himalayan West Bengal & Sikkim, Madhya Maharashtra and Kerala & Mahe and heavy rainfall at isolated places over Uttarakhand, West Madhya Pradesh, Vidarbha, Chhattisgarh, Jharkhand, Gangetic West Bengal, Odisha, Arunachal Pradesh, Assam & Meghalaya, Nagaland, Manipur, Mizoram & Tripura, Gujarat State, Marathwada, Coastal Andhra Pradesh & Yanam, Telangana, Interior Karnataka and Tamilnadu, Puducherry & Karaikal.

Previous Updates:

The Maharashtra government has lifted the ban imposed on the sale and transport of molasses within the state and export outside the state. The ban was imposed last year after the flood situation in west Maharashtra and drought in other parts of the state were prominent. As on 9th June, the molasses stock totaled to 13.9 LT including the mill's inventory of 8.47 LT while breweries have around 5.43 LT in 2019-20 in the state. The molasses recovery is expected to be 4.75 percent of cane crushed during sugar production. Therefore, in the coming season Maharashtra is likely to crush 900-920 LT of cane producing around 40 to 42 LT of molasses.

The monthly quota has been released for Jul'20 for 21 LT of sugar sales limit to each 546 mills which is 2.5 LT higher compared to the previous month's sales quota. The July'20 sales quota is 50,000 MT higher compared to the previous year quota during the same time. The supply and demand chain has improved during the phased unlocking across the nation. No extension has been announced for the allocated quota of June 2020.

Maharashtra government in its recent meeting, has decided to start cane crushing earlier this year by 15th October'20. Last year, due to the bad weather conditions the crushing was delayed and commenced on 22nd November'19. According to the government, a total of 9.21 lakh ha has been covered as on 26th June'20 under sugarcane, up by around 9.6% year on year basis. According to Agriwatch, Maharashtra may see a surge of around 22-26% rise in area under sugarcane against the previous year. And the state may see a surge of 65-70% in sugar production in 2020-21. Around 40% of sugar production was declined in 2019-20 season with the reduction in yield. As per the IMD weather report, the country has received 22% more rainfall

from the actual rainfall and around 55% more in Maharashtra so far. Thus, increase in yield by about 8-10% is expected in 2020-21 sugar season.

Due to the pandemic the sugar industry is affected. Maharashtra State Cooperative Sugar Factories Federation said that the sugar exported were hit and the process of exports slowed down during the lockdown. Around 36 LT of sugar has been exported during January to June. Another 5-6 LT sugar contracts have been booked and ready for shipment. So far, most of the sugar has been purchased by Indonesia and Iran. As Indonesia would continue to buy raw sugar from India amid the deal with increase in Indonesian palm oil purchases by India.

In Uttar Pradesh, around 70 per cent of the locust swarm that entered Uttar Pradesh's Jalaun from Jhansi was eliminated in a six-hour-long operation. Around 3-4 smaller swarm of locusts entered in UP last week. The sugarcane planting is almost completed and as on 26th Jun'20 around 23 lakh ha area has been covered. The crop is in the vegetative phase in few areas around 3 to 3.5 months old. The crop is more prone to damage in the first 3-4 months of the crop growth. So far no damage reported but the assessments are being done continuously in the fields in case of any damage.

According to ISMA, the area under sugarcane is likely to increase by around 8%. Whereas, according to Agriwatch, the area under sugarcane is likely to increase by only 2-4% in India. Already around 48 lakh ha area has been sown so far till 11th June. If the government does not approve a raise in FRP on sugarcane and minimum selling price on sugar, would discourage farmers to plant the area under sugarcane. Also, there is around Rs.17,000 crore cane price dues that are still pending to be given to the farmers.

Maharashtra got the extension in producing sanitizer till December end this year. As there is a huge demand of sanitizers to stop the spread of Covid-19. So far till 21st June'20, UP produced around 11.84 million litres of sanitizer followed by Maharashtra producing around 11 million litres during the same period.

ISMA estimates an increase of 17% in sugar production from 2019-20 year to around 320 LT in 2020-21. In the view of normal to good rainfall this year, the area is likely to increase by around 8%. In the hope of increase in FRP and minimum selling price of sugar is encouraging to increase the area under sugarcane by the cane farmers. The sugar mills have cleared Rs. 47,127 crore cane price dues out of the total payable of Rs 64,261 crore as on May 28 on FRP basis of the 2019-20 season. Also, the government is reimbursing the carrying cost of Rs 1,674 crore towards the maintenance of buffer stock of 40 lakh tonne of sugar. The government is helping mills to clear off the cane arrears of farmers.
