### Previous Updates:

**Food ministry notifies scheme for sugar millers for exports in sugar season 2020-21.** The Central government and food ministry has notified scheme for providing assistance to sugar mills for expenses on marketing costs including handling, upgrading and other processing costs and cost of international and internal transport and freight charges on export of sugar for the sugar season 2020-21.

**Uttar Pradesh government will soon announce the State advised price for sugarcane.** The government assured farmers that they will soon announce the SAP of sugarcane. About 92 percent of the last season's payment has been made in the state. The government has paid Rs. 1.12 lakh crore to cane growers in the past three and a half years.

**117 sugar mills are engaged in crushing operations in Maharashtra.** Majority of sugar mills in Maharashtra have started cane crushing operations, till 24<sup>th</sup> December 2020 about 177 mills are engaged in crushing operations and have produced around 343.86 lakh quintal of sugar by crushing 367.9 lakh tonne sugarcane. The state has recorded average sugar recovery percentage of about 9.35 percent. Solapur is leading in the state with 38 sugar mills in operation.

**Uttar Pradesh Farmers urged the government to declare State Advised Price for sugarcane.** More than two months have passed since the starting of new crushing season, but the government has yet not announced the SAP for sugarcane. The Centre has already announced the Fair and Remunerative Price (FRP) for sugarcane for 2020-21 season with a hike of Rs 10 to Rs 285 per quintal for a basic recovery of 10 percent. The farmers are also expecting a hike in SAP as it has not been increased from three seasons.

**ISMA has requested to extend the duration for sales quota for December 2020.** ISMA has requested Department of Food & Public Distribution to extend the duration for sale of allocated sugar quota for December 2020. ISMA has also requested to reduce the allocation of sugar quota for January 2021. Mills have already been constrained to sell their sugar stocks below Minimum support price (MSP) and U.P state sugar prices are also on the verge of breaching MSP. If the situation keeps moving in the same direction then it would be extremely tough for sugar millers to survive in the ongoing crushing season.

**Andhra Pradesh is planning to revive the closed cooperative sugar mills.** The Andhra Pradesh government cabinet subcommittee is looking after several options for revival of the cooperative sugar mills. The committee is exploring the possibility of the civil supplies and endowments departments procuring the entire stock produced by cooperative mills. Various discussions are going on with the government so that the revival of the sugar mill can be done as this should be done before the crop season so that the cane farmers will get benefitted.

**Government allows 8,424 tonne raw sugar exports to US under tariff rate quota.** The government has permitted around 8,424 MTRV (metric ton raw value) of raw sugar to be exported to US under Tariff rate quota. India exports duty free sugar to the US for up to 10,000 tonnes annually under preferential quota arrangements.
