

Sugar &Gur Domestic & International Fundamentals

Recent Update:

Steady tone was witnessed in Sugar physical markets today in India. Sugar prices were higher in Delhi by 05-10 at Rs. 3180/q. Prices were steady in Kolhapur at Rs. 3100/q.

Over Rs. 12,000 crore cane dues are still pending in Uttar Pradesh. The sugarcane farmers have supplied cane worth Rs 14,000 crore to the sugar mills in the ongoing season but have received only RS 4,448 crore. The payment made by the mills in the current season also includes arrears of over Rs 2,500 crore of the previous sugar seasons. Also, the state government has yet not announced the sugarcane SAP.

Weather Forecast:

Dense to very dense fog conditions at a few places very likely over East Uttar Pradesh, and in isolated pockets over Assam & Meghalaya, Nagaland, Manipur, Mizoram & Tripura, West Uttar Pradesh, Bihar and sub- Himalayan, West Bengal and Sikkim and dense fog in isolated pockets over Punjab, Haryana, Chandigarh and Delhi.

Previous Updates:

Maharashtra Sugar Mill yet to clear cane dues. The sugar mills in Maharashtra have crushed more cane till December end this season as compared with last season but are yet not paid Rs 2140 crore cane dues to the cane farmers. 182 sugar mills in Maharashtra have crushed around 546 lakh tonnes of Sugar, till 18 January.

Sugar production in Uttar Pradesh was lower as compared to previous year's Production. According to the Indian Sugar Mills Association, 120 sugar mills in Uttar Pradesh have produced around 42.99 lakh tonnes of sugar till 15th January, 2021, compared to the last season were, 119 sugar mills were in operation and had produced about 43.78 lakh tonnes of sugar. The slightly lower production this year is because of reportedly lower cane yields and lower sugar recoveries in the State.

Mills in India has produced around 142.70 lakh tonnes of sugar so far. According to the Indian Sugar Mills Association, 487 sugar mills were in operation in the country and have produced around 142.70 lakh tonnes of sugar, as compared to 108.94 lakh tonnes of sugar produced by 440 sugar mills in the previous season, which is 33.76 lakh tonnes higher as compared to last season's production for the corresponding period.

Shrigonda sugar mill leads in sugar recovery rate. Shrigonda sugar mill leads in sugar recovery rate in the district in the current crushing season. Till 13 January, a total of 21 sugar mills were in operations in the district including 13 cooperative and 8 private mills. These mills have crushed around 87,724-tonne sugarcane, out of that with 10.36 per cent sugar recovery rate Shrigonda sugar mill is leading. There are a total of 23 mills in the district, out of which Saikripa-2 and Tanpura Cooperative mills are closed. 13 cooperative mills crushed 58,149 tonnes and 8 private mills crushed 29,575 tonnes of sugarcane.

Sugarcane Development Department has issued advisory to farmers for the protection and management of sugarcane crop. Every year, due to water logging, flooding or drought in sugarcane cultivation, there is a disruption in sowing and weeding of sugarcane. Therefore, by adopting measures for management and safety of sugarcane cultivation, the ill effects of weather can be avoided. According to the advisory, in those areas where there is a possibility of drought or there is no rain for a long period in the rainy season, in such areas sowing should be done with drought tolerant varieties such as Co.lk 94184, Co.lk 12209, Cos. 08279

etc. In sugarcane crop, planting of sugarcane with laying trash between the rows does not require frequent irrigation. Adoption of drip irrigation or spraying method will provide more production with water savings. If the sugarcane leaves begin to wilt during drought, then Before lifesaving irrigation, spraying the crop by 5% solution of potash fertilizer in water reduces the harmful effects of drought. Also, the Cane Commissioner has directed to set up flaxes of the protective measures of sugarcane cultivation described in the advisory at the sugar mill gates and departmental offices and for wide publicity among sugarcane farmers through handbills, wall paintings and daily newspapers.

EID Parry is planning to manufacture sulphur free sugar. East India Distillers (EID) Parry limited is planning to bring sulphur free sugar in all the markets across south India. The company is trying to tap the branded sugar market which is less than 5% of the total sugar market in India. The company is focusing on new products according to the customers demand and which are healthy as well as safe to consume.
