

Sugar &Gur Domestic & International Fundamentals

Recent Update:

Steady tone was witnessed in Sugar physical markets today in India. Sugar prices were higher in Delhi by 10-20 at Rs. 3290/q. Prices were lower in Kolhapur at Rs. 3150/q.

Maharashtra leads in sugar production. For the first time after five years, Maharashtra has surpassed Uttar Pradesh in sugar production. Till March 2021, Maharashtra has produced more than 100 lakh tonne sugar as against 96 lakh tonne by Uttar Pradesh. In the current sugar season, Maharashtra is expected to produce 105-107 lakh tonne sugar whereas in Uttar Pradesh is expected to produce 105 lakh tonne sugar.

Weather Forecast:

Thunderstorm with lightening , hail & gusty winds very likely at isolated places over Jammu & Kahmir, Ladakh, Gilgit-Baltistan & Muzzaffarabad and with lightening and gusty winds at isolated pockets over Assam & Meghalaya, and with lightening& gusty winds at isolated places over Himachal Pradesh, Punjab, Rajasthan, Chattisgarh, Jharkhand, Gangetic West Bengal, Nagaland, Manipur, Mizoram & Tripura, Telangana, Tamil nadu, Puducherry & Karaikal and kerala & Mahe and with lightening at isolated places over East Madhya Pradesh, Vidarbha, Sub- Himalayana West Bengal & Sikkim, Madhya Mahrashtra, Marathwada, Odisha, Coastal Andhra Pradesh & Yanam, Rayalaseema , Arunachal Pradesh, Andaman & Nicobar Islands, Karnataka and Lakshadweep. Heavy rainfall at isolated places over Coastal & South Interior Karnataka, Kerala & Mahe and Tamil nadu, Puducherry & Karaikal.

Previous Updates:

Bangladesh ensures availability of Sugar during Ramzan. Bangladesh Sugar and food Industries Corporation (BSFIC) has ensured the availability of around 44,000 tonnes of sugar in the stock and it will be supplied to the markets through dealers. According to BSFIC, the annual need of sugar for Bangladesh is around 18 lakh tonnes including 3 lakh tonnes sugar consumed during ramzan. BSFIC provides only 50,000 tonnes of sugar per year and private sector supplies the remaining 17.5 lakh tonnes of sugar. Losse sugar will be supplied at Bangladeshi taka (Tk) 63 per kg and packed is sold around Tk 68 per kg, where else Sugar in retail markets will not be sold around Tk 75.

Sugar mills in Maharashtra have produced around 103.44 lakh MT of sugar. Sugar mills in Mahrashtra have crushed 987.43 lakh MT of cane till 10th April 2021 and have produced around 103.44 lakh MT of sugar with an average recovery of 10.48 percent. Till 10th April around 118 sugar mills have closed their cane crushing operation, while 71 sugar mills are currently operating in the state. Production in Maharashtra is estimated to reach 106 lakh MT where else in the previous season production was around 61.69 lakh MT.

Six sugar mills from Saharanpur owe arrears of around Rs 691 crore. Despite the efforts taken by the administration six sugar mills in the district have been able to pay only 46 per cent cane dues. Six sugar mills from the district still owe arrears worth Rs 691 crore. The cane crushing season has entered the last phase and some mills are on the verge of closing their operations. Gangnauli sugar mill has stopped cane crushing operations and Gagalheri mill will soon close its operations.

Uganda hopes to export sugar to Kenya. The domestic sugar production in the country has increased by 37% in one year owing to the increase in the investment in the sugar sector by the government as well as

private players. The sugar output has increased to 603,788 tonnes compared to 440,935 tonnes in 2019. Uganda had been hoping to resume sugar exports due to a large production deficit but indications suggest otherwise, with Kenya failing to conduct a verification exercise that had been expected in December last year. Although, Kenya had now initiated the verification drive after complaints came in about the exporters from Uganda dumping cheap sugar in the country that had created problem for local producers.

Sugarcane crushing season in Maharashtra is in the final phase. About 42 sugar mills in the Solapur division and 31 sugar mills in the Kolhapur division have stopped cane crushing operations till 4th April'2021. Total 108 sugar mills have stopped cane crushing operations in the ongoing season. Kolhapur is leading in cane recovery rate in the state at 11.99 percent, where else sugar mills have produced 1017.42 lakh quintal sugar by crushing 972.30 lakh tonne cane with a recovery of 10.46%.

Sugar production has fallen from previous season in Uttar Pradesh. According to the Indian Sugar Mills Association, In U.P., 120 sugar mills which were in operation have produced 93.71 lakh tonnes of sugar till 31st March 2021. Out of 120 sugar mills, 39 sugar mills have stopped crushing operations, where else 113 mills were in operation last year and the sugar production was 97.20 lakh tonnes, upto 31st March 2020. The lower sugar production is attributed to the diversion of cane for ethanol production and damage of crops due to pest infection following the rainwater stagnation in sugarcane fields in central and eastern parts of the state.

Sugarcane arrears have risen in the current season as compared to previous season. About Rs. 22,900 Crore of pending cane dues are in the current season. It is higher as compared to arrears one year back when it was around Rs. 19,200 Crore. The prevailing low ex- mill sugar prices for last several months, has adversely affected the liquidity of mills and their ability to pay the FRP to cane farmers. The mills are expecting that the government would increase the minimum selling price (MSP) to help mills increase revenue and clear the cane dues to the farmers. The current sugar prices are around Rs. 3100/q.

Government has fixed 22 LMT Monthly Sugar Quota for sale in April 2021. The Food ministry has allocated 22 LMT monthly sugar quota for April 2021 which is 4 LMT higher than the quota released in April 2020. In the previous month (March) government has released 21 LMT of monthly sugar sales quota to 552 mills in the country.

Sugar mills in Maharashtra had produced around 997.12 lakh quintals of sugar till 28th March'21. About 187 sugar mills have participated in the crushing season and have crushed around 954.91 lakh tonnes sugarcane with a recovery rate of 10.44 percent.
