Previous Updates:

Sugar output has fallen in Brazil. Brazil has witnessed 35 percent lower sugar output in April 2021 compared with the previous year as lower number of mills has started crushing operation in this season. Around 141 mills were operating in first half of April against 180 mills during last year. The center-south region has recorded an output of 624,000 tonnes in the first half of April as against 971,000 tonnes in a similar period last year. During this period 15.6 million tonnes of cane was crushed which is 30% less than in 2020 sugar season. Ethanol production has also fallen 25 percent to 731 million litres during the same period.

Maharashtra has set a new record of cane crushing over 1,000 lakh tonne. Maharashtra has crushed around 1,000 lakh tonnes of cane and have produced more than 1,000 lakh quintal of sugar during the current crushing season, Till 29th April'21 the sugar mills in the state have produced 1055.99 lakh quintal sugar by crushing 1006.90 lakh tonne of sugarcane. However, the sugar millers are worried as whether they are able to sell the excess sugar in the market or not considering the present corona virus situation.

Sugar production in Pune has reached at 251 lakh quintals. As the sugarcane crushing season is in the final phase, all sugar mills in Solapur and Kolhapur region have ended their operations around 167 sugar mills in the state have closed their cane crushing operations till 28th April'21. In the Pune division total 31 sugar mills participated in the ongoing sugar season and around 27 mills have closed their operations, the mills from the

division have produced 251 lakh quintal sugar by crushing 229.34 lakh tonne sugarcane with a recovery rate of 10.94 per cent.

Uttar Pradesh sugar mills have cleared 100 percent payment of the sugarcane farmers for the last crushing season. Sugar mills have paid around Rs. 35,899 crore to farmers of the previous season 2019-20 and about 61 percent of the cane price of the current crushing season 2020-21. Although the cane crushing season is about to end in Uttar Pradesh and around 50 sugar mills are currently operating.

Sugar mills in Maharashtra have produced 1054.30 lakh quintals sugar in the current sugar season. Sugar mills have produced 1054.30 lakh quintals of sugar by crushing 1005.47 lakh tonne of sugarcane, which is the highest ever in the history of Maharashtra State, surpassing about 954 lakh tonnes cane crushed in the 2017-18 sugar season. Total 95 private and 95 cooperative sugar mills participated in the crushing operations this season and about 28 sugar mills are still participating in cane crushing operations. Around 53 sugar mills had started operating in the drought-prone region including Aurangabad, Nanded, Amravati and Nagpur and have produced 197 lakh quintal of sugar which is 19% of the total production.

Government has fixed 22 lakh MT as the monthly sugar sales quota for May 2021: The Department of Food & Public Distribution has allocated 22 lakh MT monthly sugar sales quota for May 2021 which is 5 lakh MT higher than that of May 2020. In the previous month, the government had allocated 22 lakh MT monthly sugar sales quotas for April 2021 to 548 mills. According to the market experts, the market may witness pressure due to the surge in Covid-19 cases that has led to lockdown restrictions in various states. Millers are likely to face selling pressure amidst the ongoing summer season.

Sugar mill based ethanol plant in Maharashtra is in the process to produce oxygen. With the rising coronavirus cases all across the country sugar mills from Maharashtra have started focusing on the production of oxygen. The Osmanabad sugar mill has begun the generation of oxygen from its ethanol plant and it is expected that in 10 days first load of 10 metric tonnes oxygen will be dispatched from the plant.

Sugar mills from pune division have produced 249.43 lakh quintals of sugar till 22nd April'21. The sugar cane crushing season is in the final phase total around 156 mills have closed operation so far in the current season. In Pune division, 31 mills had participated in the cane crushing operation and out of these 25 mills have stopped operations. These sugar mills have produced 249.43 lakh quintals of sugar by crushing 228.04 lakh tonnes sugarcane with a recovery rate of around 11 percent.
