

## Sugar & Gur Domestic & International Fundamentals

### Recent Update:

**Firmtone was witnessed in Sugar physical markets today in India.** Major markets are closed in India due to increase in corona virus cases all across the country and lockdown restrictions in some states. Sugar prices were lower in Delhi by 10-40 at Rs. 3240/q. Prices were lower in Kolhapur at Rs. 3100/q.

**Sugarcane crushing season in Maharashtra is in the final phase.** Around 190 sugar mills had participated in the ongoing sugar season and out of that about 181 sugar mills have ended their cane crushing season and only 9 are operating. Sugar mills have produced around 1059.72 lakh quintal sugar by crushing 1009.84 lakh tonne sugarcane till May 6. The mills have reported an average recovery rate of 10.49 per cent.

### Weather Forecast:

Thunderstorm with lightening, hail & gusty winds very likely at isolated places over Jharkhand, Odisha and with lightening & gusty winds at isolated places over Uttarakhand, Madhya Pradesh, Vidarbha, Chhattisgarh, Madhya Maharashtra, Marathwada, Konkan & Goa, Tamil Nadu, Pondicherry, & Karikal, Kerala & Mahe, and Telanganawith lightening at isolated places over Jammu & Kashmir, Ladakh, Gilgit- Baltistan & Muzaffarabad, Bihar, Assam Andaman & Meghalaya, Nagaland, Manipur, Mizoram & Tripura, Coastal Andhra Pradesh & Yanam, Karnataka and Lakshadweep. Heavy rainfall very likely at isolated places over Sub- Himalaya West Bengal & Sikkim, Tamil Nadu, Pondicherry, & Karikal.

### Previous Updates:

**Global sugar output is likely to increase to 2.74 million tonnes in 2021/22 from a deficit of 1.51 million tonnes in 2020/21.** With good sugar crop in India along with the production recovery in Thailand and higher yield in Europe despite frosts in France are the main reason behind the hike in sugar surplus. Although sugar output in Brazil is expected to decrease the global output will have a surplus. Sugar output in Brazil is likely to drop to 36.3 million tonnes from 38.5 million tonnes compared with last season. India is expected to produce around 30 million tonnes this season and Thailand production is expected to increase to 85 million tonnes from 66 million tonnes last season.

**Sugar mills from India have contracted to supply 302.3 crore litres of ethanol to Oil Marketing Companies.** According to the Indian Sugar Mills Association, against the total LOI quantity of 325.93 crore liters around 302.53 crore liters have been contracted and around 117.72 crore liters of ethanol have been supplied till 19<sup>th</sup> April'2021. Out of the total about 77 percent comprises of ethanol made from sugarcane juice / B-heavy molasses. Average ethanol blending rate in India has reached 7.36 percent in this season, whereas major ethanol producing states across the country have reached 10 percent blending rate.

**Sugar output has fallen in Brazil.** Brazil has witnessed 35 percent lower sugar output in April 2021 compared with the previous year as lower number of mills has started crushing operation in this season. Around 141 mills were operating in first half of April against 180 mills during last year. The center-south region has recorded an output of 624,000 tonnes in the first half of April as against 971,000 tonnes in a similar period last year. During this period 15.6 million tonnes of cane was crushed which is 30% less than in 2020 sugar season. Ethanol production has also fallen 25 percent to 731 million litres during the same period.

**Maharashtra has set a new record of cane crushing over 1,000 lakh tonne.** Maharashtra has crushed around 1,000 lakh tonnes of cane and have produced more than 1,000 lakh quintal of sugar during the current crushing season, Till 29<sup>th</sup> April'21 the sugar mills in the state have produced 1055.99 lakh quintal sugar by crushing 1006.90 lakh tonne of sugarcane. However, the sugar millers are worried as whether they are able to sell the excess sugar in the market or not considering the present corona virus situation.

**Sugar production in Pune has reached at 251 lakh quintals.** As the sugarcane crushing season is in the final phase, all sugar mills in Solapur and Kolhapur region have ended their operations around 167 sugar mills in the state have closed their cane crushing operations till 28<sup>th</sup> April'21. In the Pune division total 31 sugar mills participated in the ongoing sugar season and around 27 mills have closed their operations, the mills from the division have produced 251 lakh quintal sugar by crushing 229.34 lakh tonne sugarcane with a recovery rate of 10.94 per cent.

**Uttar Pradesh sugar mills have cleared 100 percent payment of the sugarcane farmers for the last crushing season.** Sugar mills have paid around Rs. 35,899 crore to farmers of the previous season 2019-20 and about 61 percent of the cane price of the current crushing season 2020-21. Although the cane crushing season is about to end in Uttar Pradesh and around 50 sugar mills are currently operating.

**Sugar mills in Maharashtra have produced 1054.30 lakh quintals sugar in the current sugar season.** Sugar mills have produced 1054.30 lakh quintals of sugar by crushing 1005.47 lakh tonne of sugarcane, which is the highest ever in the history of Maharashtra State, surpassing about 954 lakh tonnes cane crushed in the 2017-18 sugar season. Total 95 private and 95 cooperative sugar mills participated in the crushing operations this season and about 28 sugar mills are still participating in cane crushing operations. Around 53 sugar mills had started operating in the drought-prone region including Aurangabad, Nanded, Amravati and Nagpur and have produced 197 lakh quintal of sugar which is 19% of the total production.

**Government has fixed 22 lakh MT as the monthly sugar sales quota for May 2021:** The Department of Food & Public Distribution has allocated 22 lakh MT monthly sugar sales quota for May 2021 which is 5 lakh MT higher than that of May 2020. In the previous month, the government had allocated 22 lakh MT monthly sugar sales quotas for April 2021 to 548 mills. According to the market experts, the market may witness pressure due to the surge in Covid-19 cases that has led to lockdown restrictions in various states. Millers are likely to face selling pressure amidst the ongoing summer season.
