Previous Updates:

Fiji sugar production has reached 24,000 tonnes till 1st August 2021. According to the Fiji Sugar Corporation (FSC) sugar mills have crushed around 283,000 tonnes of cane and produced 24,000 tonnes of sugar till 1st August 2021. The mills have crushed the sugarcane with an average TCTS (tonnes cane to tonnes sugar) of 11.91. As per National Farmer Union, all the three sugar mills are under performing due to mechanical and processing problems that are hampering the performance of the mills. This is causing huge loss to farmers and the sugar industry as a whole. Whereas on the other hand Fiji Sugar Corporation said that there is an issue of cane supply at Labasa sugar mill and there were minor issues at the Lautoka and Rarawai mills in the first 2 weeks of the season which have been resolved and all mills are operating well now.

Assam has approved ethanol production policy. The Assam government has approved ethanol production promotion policy, 2021 and it shall be valid up to 31st March 2021. The policy will increase ethanol production in the state; also the standalone green field ethanol producing industrial units will be provided incentives under the policy.

NFCSF demands hike in minimum Selling Price of sugar. The National Federation of Cooperative Sugar Factories Limited (NFCSF) has demanded that the government to rise the minimum selling price of sugar from Rs. 31 per kg to above Rs. 37.50. They have also demanded grade wise pricing of sugar (small, medium and large size) to remove the current anomaly.

Domestic Sugar prices have increased after 7 months. The domestic sugar prices have seen an uptrend since last 3 days by aggressive offerings and lifting. Demand is expected to increase with the dawn of the most auspicious Hindu month Shravan, the ease in many states imposed lockdown has also brought in demand. Prices have witnessed an upswing of average Rs. 80-100 per quintal nationwide after depressed prices for 7 constant months. Sugar prices in Maharashtra were at Rs. 3120 per quintal to Rs. 3155 per quintal for S grade whereas for M grade it was Rs. 3180 to Rs. 3250 per quintal.

Madhya Pradesh government is planning to boost ethanol production in the state. The state government along with the Central government is planning to boost ethanol production in Madhya Pradesh. The Private players are setting up 20 ethanol units in the state. Currently India's ethanol blending rate with petrol is 8 percent. Also, the central government with an aim to lower the expenditure on foreign exchange has set a target of blending 20 per cent ethanol with petrol by 2025.

The Odisha government has approved seven industrial projects worth Rs 2083.88 crore, including three grain-based ethanol plants. The State Level Single Window Clearance Authority (SLSWCA) headed by Chief Secretary Suresh Chandra Mahapatra have approved the proposals. As per the reports, the Indian Oil Corporation Limited (IOCL) will invest Rs 870 crore to set up a 500 KLPD grain based ethanol plant and 8MW power plant at Balgopalpur near Balasore. The SLSWCA has also given permission to the Hindustan Petroleum Corporation Limited (HPCL) to set up a 500 KLPD capacity ethanol plant at Umerkote in Nabarangpur. HPCL will invest Rs 500 crore for setting up the plant. Similarly, another 100 KLPD plant along with a biogas plant and co-gen power plant by Mumbai-based Newalt Energy Private Limited at Nuakheta near Bantala in Angul district was also approved.

Government has fixed 21 lakh MT as the monthly sugar sales quota for August 2021: The Department of Food & Public Distribution has allocated 21 lakh MT monthly sugar sales quota for August which is 0.50 lakh MT higher than that of August 2020. In the previous month, July 2021 the government had released a 22 lakh MT sugar sales quota.

Brazil Sugar Production have decreased in July 2021. According to data released by the trade association, UNICA Sugar production in the center-south region of Brazil has lowered by 2.8 percent in the first half of July compared with last year. The mills in the region have produced 2.94 million tonnes of sugar. As per the information shared by the 24 mills, agriculture yield of sugarcane was 14% lower in the first half of July compared to last year. The mills have in the first half of July crushed 45.6 million tonnes of cane which was 2.3% less compared to last year. At the same time, ethanol production increased by 1.1% to 2.16 billion litres.

Over 2.5 lakh hectares area is estimated to be damaged in Maharashtra due to rains and Floods. The recent spate of rains and floods which have ravaged Maharashtra over past few days, has seen over 2.5 lakh hectares of crop area bearing the brunt of it. Many parts of Maharashtra have faced torrential rains, which have led to more than 100 deaths across the state. Konkan, Kolhapur, Sangli, Satara, Parbhani, Akola, Washim, Nagpur and Wardha are some of the districts which have reported damage to the crop. By far, the cane capital of Kolhapur has seen the maximum damage with 50,000 hectares of cropped area reportedly destroyed. Sangli, Pune and Satara have reported around 4,000 hectares each damaged, while Washim, Akola, Nagpur and few other districts in Vidharbha have reported 30,000 hectares of damage. As per the Sugar industry experts, unlike crops like soybean, groundnut and vegetables, chances of complete crop loss is minimal in cane due to the physiology of the crop, which allows it to survive extremes in terms of drought and floods better than any other crop, as even if the top portion of the crop is submerged in flood waters for 10 day, the crop can regenerate and revive. Also, the final figure is expected to raise as more flood waters recede, allowing officials to reach remote areas that have been cut off so far.

Brazil Sugarcane crop may get affected due to upcoming new polar air mass. The sugarcane crop in Brazil was affected due to frost in Brazil last week and is likely to get affected further due to new polar air mass that will move over the country's agricultural areas this week, this is the third cold wave that will impact the crops in Brazil. According to the forecast, the air mass will reach southern Brazil by Wednesday.
