**Previous Updates:**

According to the Pakistan Sugar Mills Association, around 1.2 million tonnes of excess sugar is available at the beginning of the next sugarcane crushing season. During the previous season sugar mills had produced 2 million tonnes of surplus sugar. As per the sources, it is expected that because of good weather conditions in this season the sugarcane crop is expected to increase by 10 percent.

The Department of Food & Public Distribution (DFPD) under a vide notification dated 05<sup>th</sup> August 2022, has issued Export Release Orders (EROs) to exporters and sugar mills. DFPD has issued the orders taking into account higher-than-anticipated domestic production in the 2021-22 season. Many sugar mills which have produced raw sugar for export were unable to export sugar due to restrictions. Since the raw sugar if not exported may get deteriorated in other 3-4 months, it has been decided to issue ERO to such sugar mills having stock of raw sugar and those who have applied for ERO. Around 4,30,563 MT of sugar is allowed for further export.

However, the Government with a view to protect interest of sugarcane farmers has also decided that there shall not be any deduction in case of sugar mills where recovery is below 9.5%. Such farmers

will get Rs. 282.125/quintal for sugarcane in ensuing 2022-23 season as compared to previous Rs. 275.50/quintal in 2021-22 current season.
