

**Recent Update:**

**Sugar physical market showed a stable trend today in India.** Sugar prices were lower in the Delhi market by Rs.30 per quintal at Rs. 3510/qtl and in Kolhapur prices were stable at Rs. 3350 per quintal.

The Sugarcane crushing operations are going in full swing across the key producing states of Maharashtra, Uttar Pradesh, and Karnataka. About 90% of the sugar mills are operating currently. As per AgriWatch sources, sugar production is expected to improve in the 2022-23 season mainly due to improved acreages. As per the Indian sugar mills association, Sugar production in India has reached 47.9 lakh tonnes as against 47.2 lakh tonnes till 30<sup>th</sup> November 2022. The crushing operations were delayed this year because of rains during late October and early November. The state-wise sugar production is mentioned below:

State	Sugar Production		Mills in Operation	
	(as of 30 <sup>th</sup> Nov'22)		(as of 30 <sup>th</sup> Nov'21.)	
	No. of Operating Mills	Sugar Production	No. of Operating Mills	Sugar Production
Uttar Pradesh	104	11.2	101	10.4
Maharashtra	173	20.0	172	20.3
Karnataka	70	12.1	66	12.8
Gujarat	15	1.5	15	1.6
Tamil Nadu	5	1.1	3	0.5
Others	67	2.0	59	1.6
<b>All India</b>	<b>434</b>	<b>47.9</b>	<b>416</b>	<b>47.20</b>

Source: ISMA; Unit: Lakh Tonne

In a notification issued on 30<sup>th</sup> November 2022, the food ministry has allocated higher monthly sales quota of 22 Lakh MT (LMT), which is comparatively to 0.5 LMT higher than the quota allocated

during December 2021. During the previous month government allocated 22 LMT quota. Sugar prices are likely to remain range-bound in the domestic market.

### Weather Forecast

Dense Fog at isolated places over Punjab and Himachal Pradesh. Thunderstorm accompanied with lightening at isolated places over at Tamil Nadu, Pondicherry, Karikal and Kerala & Mahe

### International Market Updates:

Higher crude prices benefit ethanol and may prompt Brazil's sugar mills to divert more cane crushing toward ethanol production rather than sugar, thus curbing sugar supplies.

Sugarcane crushing in the Center-South region of Brazil has increased in the first half of November 2022 as compared to the previous season around the same time. Sugar Mills in the region have crushed 26.34 million tonnes which is around 109.3% higher as compared to the previous season. The sugar production was around 162.2% higher to 1.67 million tonnes in November 2022.

Sugar supply get affected in Bangladesh. Due to energy crisis and disruption in the production (around 50% due to shortage of gas and electricity supply), sugar supply has been affected in Bangladesh. Around 4,000 tonne of sugar per day is supplied in the market against the minimum supply of 8,000 tonne. Due to supply shortage, sugar prices have increased to Bangladeshi Taka (Tk) 110-120 per kg from Tk 85-95 per kg during the previous month. The sugar refineries have urged the government to lower the higher import duties on sugar to resolve the issue.

World Balance Sheet				
	2022-23	2021-22	Changes in Million tonne	Percentage Change (%)
Production	182.142	172.662	9.480	5.46

**Jaggery:**

**Kolhapur:** Jaggery auction has stopped in Kolhapur Agriculture Produce Market Committee (APMC) during the week under review as prices had again dropped sharply. The jaggery-making farmers had refused to sell their produce unless the trader agreed to pay at least Rs. 3,700 per quintal for jaggery. However, as per sources the jaggery auction will resume in the coming week. The larger quantity of supply and the low demand across the country has led to a drop in jaggery prices. Further, prices in the coming week are expected to rise as with the decreasing temperature jaggery demand is expected to improve.

**Kerala:** Alangadan jaggery is expected to come in market by the year 2024. Sugarcane farming will be done on 20 acres in Alangadan. The order has also been placed with Sugarcane Breeding Institute Coimbatore to raise sampling which will be planted at Alangad. The planting will start in January next year. The Alangadan Jaggery is also planned for getting the GI tag for the product. The Alangadan jaggery has been used for making Aravana Payasam (Jaggery Kheer) in Sabarimala and for Aranmula.

Jaggery Price at Kolhapur Benchmark Market (Rs./Quintal)		
Forecast Date	Past Week	Week under review
28-Nov-22	4000	4000-4300

**Ethanol:**

The Oil Marketing Companies (OMCs) have so far allocated around 460 Crore litre for supply in Ethanol Supply Year (ESY) 2022-23 (against the first 2 EOI). The OMCs have floated a third EOI for the requirement of additional 139 crore liters, for which the last date of submission was 30th November'2022. The OMC's are currently examining the bids and are expected to do the allocations shortly.

The Chhattisgarh government had signed two MoU (Memorandum of Understandings) at the Chhattisgarh Business Summit 2022. The MoU were signed for setting up an ethanol production plant and drone and UAV manufacturing unit.

According to the press release issued by the CMO, an MoU was signed between the state government and Rajesh Gautam of NKJ Biofuel, Durg for setting up an ethanol production plant in the cooperative sector with an investment of Rs 140 crores, while another MoU was inked with Manish Bajpai of Daybest Research Private Ltd for setting up 4500 drone and UAV manufacturing units at the investment of Rs 50.95 crore.
