Uttar Pradesh farmers await the hike in SAP. Around two months have passed since starting of the 2022-23 sugarcane crushing season but the Uttar Pradesh government has not yet announced a hike in state-advised price (SAP) for the 2022-23 season. Earlier, farmers have been demanding a hike in sugarcane SAP. Currently, Sugar mills are paying cane bills based on the SAP fixed during the previous season.

International Market Updates:

The Economic Coordination Committee (ECC) Pakistan, has granted permission to export an additional 150,000 tonnes of sugar. The decision was taken based on the recommendations of the Sugar Advisory Board (SAB). The ECC has allowed the export of a total of 250,000 tonnes of sugar out of which it had already approved the export of 100,000 tonnes of sugar on 15th Dec. 2022. The export would be allowed to sugar mills on a first-come-first-served basis.

According to the market sources, the Pakistan government has increased the prices of wheat flour, sugar and ghee by around 25 to 62 per cent for sale through the Utility Stores Corporation (USC) with immediate effect to reduce the impact of untargeted subsidies. The price of sugar under the new rates has increased to Rs.89 per kg from Rs.70 per kg previously.

Jaggery:

The Karnataka government is planning to provide an industry tag on jaggery. Consumption of jaggery is likely to increase as the focus on sustainable lifestyle increased. India is the biggest exporter of jaggery and Karnataka is the third largest cane producer which can give an advantage to the state to increase jaggery production.

As per market sources, sugarcane farmers are demanding the government to make a policy for jaggery units so that farmers would not get exploited as few jaggery makers are procuring cane at lesser rates than State Advised Price in Haryana. The Haryana government has fixed the SAP of sugarcane at Rs. 362 per quintal and is yet to fix the SAP for the current season.
