International Market

Sugar prices in Bangladesh have maintained an upward trend at both wholesale and retail level despite a reduction in import duty. After the reduction, the overall import cost of raw and refined sugar is expected to decline by Tk 6,500 and Tk 9,000 per tonne at the import stage, respectively. But despite that, the price of sugar remained higher by Tk 130 in the wholesale market. The price increase came amid continued supply shortage and a spike in demand for Ramdan.
