**Ethanol:**

Maharashtra: Ethanol production during the ESY (Dec 2022 to Nov 2023) will be 127 crore litres, much below the set target of 132 crore litres for the 2022-23 season.

Tamil Nadu Ethanol Blending Policy 2023 aims to make the state self-sufficient in ethanol production, attract investments worth Rs. 5,000 crore, and benefit farmers and sugar factory owners. The policy allows the usage of multiple feedstocks, including grains, and provides clarity on taxation and licenses.

The sugar industry in Tamil Nadu faces supply-side challenges, and farmers' cost of production is high. The policy may provide additional income options for farmers and better profits for the sugar industry.
