

News Highlights.

- According to the report submitted by the tea companies in Nilgiris to the Tea Board, output of tea increased by 43 per cent to 1.17 million kg in February 2016 compared to the same corresponding period previous year. Good rains after first half of January supported the crop.
- An Indian delegation will be visiting Egypt in a bid to perk up the country's sagging tea exports to the African country. The 12-member delegation, led by Tea Board of India Chairman, comprises trade and industry delegates. The visit, the first since the Arab Spring turmoil, comes at a time when India's overall tea exports have registered a 10-million-kg increase in 2015 over 2014. Exports stood at 217.67 million kg against 207.40 million kg a year ago.
- The Tea Board of India has invited bids to run six tea estates - Birpara, Garganda, Lankapara, Tulsipara, Huntapara and Dumchipara - of the Duncans Goenka group. Of the seven estates that it had acquired from the Kolkata-based Duncans, only Demdima has so far put on the blocks. The last date for submission of bids is April 12.
- Egypt has proposed to create a local tea brand with India which would step up the sourcing of Indian tea for the Egyptian market and boost the bilateral trade. A 14-member delegation led the Deputy Chairman of Tea Board of India Amiya Kumar Das explored avenues to increase the bilateral trade between India and Egypt on tea segment here.
- According to the state-run Tea Board, output of tea in January 2016 declined by 16.3 per cent to 17.87 million kg compared to the same corresponding period previous year. Production in South India declined by 15.2 per cent to 14.56 million kg. During the period April –January, production was reported at 1127.67 million kg.
- Sri Lanka's economic growth slowed to 4.8 per cent in 2015 amid lower exports of tea according to official sources. According to the Department of Census and Statistics, in 2015 tea production dropped by 2.6 per cent to about USD 545 million, while exports fell by nearly seven percent to 306 million kg (673 million pounds).
- Global tea output declined by 4.2% in the calendar year 2015 following unfavourable weather in the producing countries. Global black tea production declined to 2089.89 million kg in 2015 compared to 2186.63 million kg in the previous year. The biggest decline of 45.90 million kg was recorded by Kenya at 399.20 million kg followed by India with production declining by 16.21 million kg to 1191.10. Production also declined in other countries like Malawi, Uganda, Tanzania etc.

Kenyan Shilling	0.6579	0.6557
Bangladeshi Taka	0.8534	0.8479

Overall Outlook and Recommendation:

In the domestic market, prices noticed mostly weak tone during the week. Quantity offered on sale declined during the week compared to previous week. In North India, arrival of first flush of tea has started in small quantities and is expected to pick up by next month. In South India, weather was mostly dry in the growing regions. Demand from loose tea buyers and blenders lend some support to the market. Prices are likely to notice range –bound to weak tone in the coming week.

In the global market, prices noticed mixed tone during the week. Quantity offered on sale declined during the week compared to previous week. In Bangladesh, auction will begin for the new season. In North India, first flush of tea is arriving in the market. In South India, weather is almost dry. The future offering of tea is likely to decline at Sri Lankan auction in the coming week. Prices are likely to notice range –bound to weak tone in the near – term.
