

**Today's Update:**

- Lemon Tur prices at Chennai and Mumbai bench mark markets traded at INR 8250 and INR 8350 per quintal, up by INR 50 despite the fall in C&F quote which floated at \$1055 per MT, down by \$10 from previous day closing. Limited stock and regular demand from stockists and millers is supporting the sentiments amidst holding back tendency among Myanmar traders given the background of lower production in India during Kharif season. Tur prices are likely to remain firm in coming days. However, any Govt. intervention may take the prices down.

**Previous Update:**

- The Department of Consumer Affairs has constituted a Committee for monitoring Tur stocks held by various entities such as importers, millers, stockists, traders etc. in close coordination with the state governments. The Committee will be chaired by Additional Secretary, Smt. Nidhi Khare. The decision has come against the backdrop of reports of market players not releasing stocks despite regular arrival of imports in good quantities. However, new development is not likely to impact much on firm sentiments / trend given the background of limited stock at domestic end amidst stock holding intension among Myanmar traders which has helped in increase in C&F quotes specially for Myanmar influx.

**International Market Update:**

- C&F offers for Lemon Tur increased by \$25 to \$1015 per MT, basis Indian port last week.
