

Today's Update:

- Govt.'s warning of stern action against the rising prices of two major imported Pulses Tur and Urad is likely to have a temporary impact on prices right now. However, given the background of lower stocks at ports, any steep and sudden fall in prices is unlikely as of now. Price direction in the domestic market would depend on import volume coming into India from Myanmar. If, the competent authorities succeed in creating pressure on the traders who have reportedly stocked in Myanmar to export it to India, it may bring down the prices by INR 300-400 per quintal in coming days, otherwise, prices may start moving up again after a slight downward correction.

Previous Update:

- Tur traded firm due to negligible arrivals in the markets, higher C&F quotes, arrivals from South African countries delayed and Increase in Import disparity by INR 500-600 per qtl.
- Burma C&F quotes for Lemon Tur increased by 25\$ to 1090\$ per MT basis Indian port. However analyzing the current scenario Tur prices may increase by INR 100-200 per qtl in upcoming days however, Government action again rising price may steady the price temporally.
