

Today's Update:

- As per official release, India has imported 72,131 MT of Tur during the month of March 2023 as compared to 73,957 MT in March 2022. Amongst which 33,890 MT has been imported from Mozambique, 33,175 MT from Myanmar while rest of the volume has been imported from Malawi, Sudan, Uganda and Tanzania.

Previous Update:

- Govt.'s waring of stern action against the rising prices of two major imported Pulses Tur and Urad is likely to have temporary impact on prices right now. However, given the back ground of lower stocks at ports, any steep and sudden fall in prices is unlikely as of now. Price direction in domestic market would depend on import volume coming into India from Myanmar. If, the competent authorities succeed in creating pressure on the traders those who have reportedly stocked in Myanmar to export it to India, it may bring down the in coming days, otherwise, prices may start moving up again after a slight downward correction.
