

Today's Update:

- FAQ Tur in Gulbarga bench mark market traded down by INR 100 to INR 9500 per quintal due to decrease in consumption demand and normal trading activities at higher prices. Tur prices in Raipur too eased down by INR 200 to INR 9400 per quintal on same ground. Tur prices are likely to remain steady to slightly weak in coming week prices are likely to move down by INR 200-300 per quintal in coming days.

Previous Update:

- Ministry of Trade and Industry, Govt. of Malawi, has recently revoked all export licences for crops including Pigeon Peas (Tur) and cowpeas to curb smuggling and undocumented or illegal trade. The decision is supposed to ensure compliance with export regulations and to maintain market stability. After the recent official step, Malawi exporters have to reapply for fresh export licences. For the purpose, the Ministry will strengthen patrols and conduct spot checks.
- Tur traded down by INR 200 to INR 9600 per quintal in Raipur due to slow demand at higher prices amidst huge disparity in imports because of continuous increase in C&F prices. However, today, C&F offers reduced by \$50 to \$1140 per MT, basis Indian port which has already increased from \$806 per MT seen in first week of January. Despite this huge fall in C&F offers, any sudden and big fall is unlikely in prices in near future. Sentiments likely to remain firm in coming days too.
