

Urad Domestic Fundamentals:

Today's Update:

- Urad witnessed a surge of 2-3%, on an average in prices due to rise in C&F quotes and reports of limited stocks at ports besides regular demand during the reviewed week. C&F offers increased by \$20 to \$1065 and \$25 to \$1170 per MT, basis Indian ports. As per traders, mills are operating below capacity due to insufficient supply and are at risk of closure. With domestic prices on the rise, farmers have reduced their selling of new summer crops, resulting in reduced arrivals in the markets, which further supports the market sentiment. The preliminary sowing intention for the Kharif season is promising, with expectations of an 8-10% increase in the Kharif area, which may limit the gains in the upcoming months. Urad prices are expected to move up in coming days and may increase by INR 200-300 per quintal.
- Urad FAQ traded at INR 8500 per quintal, up by 3.66% in Mumbai and at INR 8500 per quintal, up by 2.41% in Delhi.

Previous Update:

- As per IMD, conditions are becoming favourable for further advancement of SW-monsoon over some more parts of south Peninsular and East India and adjoining areas during 18-21st June, 2023. Weather is likely to remain dry over rest parts of the country. The progress of SW-monsoon has remained slow so far which has halted the sowing intention by growers due to reduction in residual of moisture. However, major Kharif Pulses including Tur, Moong and urad is likely to increase this year given the back ground of significantly hike in MSP couple with higher remunerative prices throughout the year.

International Market Update:

- C&F quotes from Myanmar for Urad FAQ and SQ varieties are increased by \$45 each at \$1055 and \$1155 per MT, basis India port.
