

Domestic Fundamentals:

- Edible oil basket featured a weak tone at major market, Friday. Soy and palm oil quoted slightly lower tracking losses at international palm oil market.
- Refined sunflower oil featured steady tone at Chennai market owing to limited buying against higher imported sun oil supplies and quoted Rs 720 per 10 Kg in Chennai market. Indian buyers imported 9.73 lakh tons during 2013-13 oil year. At import front, Indian buyers imported 1.51 lakh tons of crude sunflower oil during 1-29 days of December majorly from Ukraine and Argentina. As pre Dorab Mistry, sunflower oil imports may rise by 23 percent to 12 lakh tons during 2013-14.
- Rapeseed oil featured slightly firm on renewed demand from stockists and gains in the seed. However, higher RM seed planting report and good weather condition over key mustard seed producing belts limit gains. As per SEA of India's official, rapeseed production seen at 70-75 lakh tons for 2012-13. While, Agriculture Ministry's pegged mustard output at 78.20 lakh tons. Rapeseed oil quoted Rs 785 per 10 Kg, up Rs 5 per 10 Kg from last previous trading session.
- At the import front, IBIS figures revealed that Indian buyers imported 6.84 lakh tons of crude palm oil, 2.63 lakh tons of RBD palmolein, 1.51 lakh tons of crude sunflower oil and 0.212 lakh tons of crude palm kernel oil during 1-29 Dec. 2013 majorly from Indonesia, Malaysia and Thailand. Edible oil basket is expected to feature steady tone in the nearterm. While, recovery in the Indian rupee and sideways trend in the international oil & fats market may cap the gains.

International Market Fundamentals:

• According to data released by cargo surveyor Intertek Testing Services, exports of Malaysian palm oil products for Dec fell 1.1 percent to 1,433,910 tons from 1,449,664 tons shipped in November.

Outlook: Edible oil basket is expected to feature steady tone in the near-term. While, higher Kharif oilseed arrivals may cap the excessive gains.
